VOL. 54. NO. 6 | VICTORIA, B. C., WEDNESDAY, JANUARY 8, 1919 | SIXTEEN PAGES

TROTZKY IS SAID TO HAVE JAILED LENINE, MAKING HIMSELF BOSS

Moscow Dispatch to Swedish Paper Says Lenine Wished to Form Coalition With Moderates and Trotzky Objected; Fighting at Vilna

Copenhagen, Jan. 8.—Nikolai Lenine, the Bolsheviki Premier of Russia, has been arrested at the command of Leon Trotzky, Minister of War and Marine, who has made himself Dictator, according to a Moscow dispatch to The Gothenburg Gazette.

Trotzky was prompted to make the arrest because of a difference of opinion with Lenine concerning Bolshevik reforms, the dispatch states. Lenine desired to effect a coalition with the Mensheviki or Moderates, while Trotzky wished to continue the reign of red terror.

Warsaw, Jan. 7.—Via London, Jan. 8.—(Associated Press)—Fighting for the possession of Vilna has begun between Polish and Bolshevist troops.

Stockholm, Jan. 8.—All members of the Bourgeoise have been arrested at Riga by the Lettish Soviet, which has abolished private ownership of property in that city, according to a Riga dispatch received here.

At Lemberg.

Warsaw, Jan. 6.—(Associated Press.)—Stiff fighting still continues around Lemberg, where the Poles are defending themselves tenaciously against the Ruthenians. Bloody hand to hand fighting has occurred daily in the suburbs.

Virtually all the available troops of the Polish army have been sent to Lemberg. They number 20,000, and are being assisted by many civilians, men, boys and women. The civilians are dressed in Austrian uniforms left behind when the Austrians retired from Lemberg.

FIVE DELEGATES FROM GREAT BRITAIN

France, U.S., Italy and Japan Also Probably Will Have Five Peace Delegates

Paris, Jan. 8.—The peace conference, according to present arrangements, will open with an exchange of views between the Ministers of the four great Allied Powers concerning organization, composition and procedure. The exchanges are expected to take up the time from January 13 to January 18. In the event of an agreement being reached on January 18 there will be a plenary meeting at which all the Powers which broke relations with the Central Powers will be represented. At that time the definite composition of the delegation of each nation will be settled.

It is very certain that Great Britain, France, the United States, Italy and Japan will have five delegates each. Other nations, such as Belgium, Serbia, Greece, Roumania and Portugal will have three delegates. The countries which severed relations with the Central Powers but did not engage directly in the war will have two representatives.

The work of preparing the Foreign Office building in the Quai d'Orsay for the meeting is going on actively. The plenary sessions will be held in the big dinning room where there is room for 150 persons.

NORWEGIANS TO HAVE THREE MEATLESS DAYS EACH WEEK SOON

Christiania, Jan. 8.—The Norwegian Food Commission will soon issue a decree establishing three meatless days a week in hotels and restaurants, it is announced ehere.

U.S. DESTROYERS TAKE REFUGEES FROM DANZIG

Copenhagen, Jan. 8.—The destroyers Aylwin and Wickes, of the United States navy, arrived here yesterday from Danzig with a number of refugees, including four Americans, on board. The destroyers, with the cruiser Chester, will leave for Leith to-day.

BUENOS AYRES POLICE AND STRIKERS FOUGHT; FIVE WERE KILLED

Buenos Ayres, Jan. 8.—Five persons were killed and thirty were wounded during a fight between police and strikers at the Vasena Iron Works, on the outskirts of this city, yesterday afternoon. A number of injured lay in the streets for hours because of the inability of the ambulances to get through.

It is expected that a general strike of harbor workers will be declared because of the refusal of shipowners to meet the demands made by the men three weeks ago.

BRIGHTEST PAGE IN ARMY'S HISTORY

Haig's Report Tells of Glorious Achievement, Says London Chronicle

London, Jan. 8.—In commenting upon the report of Field-Marshal Sir Douglas Haig, The Daily Chronicle describes the operations dealt with as "the most glorious achievement in the whole history of the British army."

"In Marshal Focn's strategic statement the part assigned to the British was most important and most difficult," the newspaper continues. "The overcoming of the Somme defences in August was a superb feat and the breaking of the Hindenburg Line with weakened forces was almost superhuman. When historians examine the miracle by which fifty-nine British divisions inflicted such crushing defeats on ninety-nine German divisions, it seems probable that without belittling our men's amazing heroism, they will find a material explanation in our publication of a tactical superiority due to swift tanks."

The Daily Graphic says: "That these victories should have won against the Germans' numerical superiority is sufficient proof that the manhood of a free Empire is more than a match for the legions of a military autocracy."

Genius of Foch.

"The principal reason for the dramatic change which occurred in the military situation," says The Telegraph, "undoubtedly was the personality and genius of Marshal Foch, whose strategic conception was carried out with such fine and conspicuous loyalty by Field-Marshal Haig and the British army. By it the whole campaign was revolutionized. To this we must add as a material factor the splendid fighting capacity of the French and British soldier. It is by no means true that the enormous departmental of mechanical invention has deprived the infantryman of his value. On the other hand, the infantryman still remains the backbone of the defence and spearhead of attack.

Never Higher.

"As Field-Marshal Haig adds, 'At no time has the reputation of the British infantryman been higher nor has achievement been more worthy of recognition.' In hardly a less degree, ultimate success was ascribed to the air force, and it is interesting to note the praise that the Field-Marshal gives to the tanks. So great had been the effect produced upon the Germans by British tanks, he said, that in more than one instance when real tanks were not available results were obtained by the use of dummy canvas tanks."

$21,000 FOR PORTRAIT OF WASHINGTON

New York, Jan. 8.—A portrait of George Washington by Gilbert Stuart was sold for $21,000 at public auction to a firm of art dealers at the first sale of early American portraits held in this country, and which was under the auspices of the American Art Association. The portrait was from the collection of Thomas B. Clarke. Three years ago the portrait was sold for $3,500.

SERB MINISTERS ACT FOR JOINT KINGDOM

Washington, Jan. 8.—Formal notice has been given the State Department by the Serbian Legation here that it has become the Legation of the new Joint Kingdom of the Serbs, Slovaks and Croats. The Legation's statement sets forth that a single common Government was set up on December 21 under Prince Regent Alexander.

AMERICAN CASUALTIES IN ARCHANGEL REGION

Washington, Jan. 8.—Total deaths in the American force in Northern Russia up to January 4 were given as six officers and 126 men, in a cablegram received by the War Department from Colonel James A. Ruggles, American Military attache with Ambassador Francis at Archangel.

DEPUTY TURMEL MADE DECLARATION BEFORE DEATH IN FRANCE

Paris, Jan. 8.—Deputy Louis Turmel, according to The Matin, made an important written declaration before his death early this week. The Deputy is said to have declared that the previous testimony he gave concerning the charge of trading with the enemy, on which he was being detained, was untrue. He explained, the paper says, that fear of eventual vengeance had prevented him from telling the truth.

Chief Justice May Require Two Weeks to Decide About Inquiry

Vancouver, Jan. 8.—Chief Justice Hunter, who heard the argument as to the legality of the inquiry into illicit trafficking in liquor, intimated the morning that it might be two weeks before he can give his decision. In the meantime the inquiry is held up.

SOLDIERS DEMONSTRATE IN LONDON IN EFFORT TO HASTEN DEMOBILIZATION

London, Jan. 8.—Soldiers objecting to the delay in the demobilization of the British armies engaged in further demonstrations to-day. The vicinity of the War Office was invaded by lorries filled with men and by marching soldiers. They came from the Shoreham Camp. Many of them were on leave from Salonica and objected to being sent back. On the sides of the lorries were signs reading "Get a move on"; "We won the war—Give us our tickets"; "Get on with it, Lloyd George," and other similar sentiments.

The men were generally well behaved and treated the matter humorously although they refused to disperse until a deputation was seen by officials, who assured them that Viscount Milner and Gen. Sir Wm. Robertson were then in conference with the Government on the grievances advanced by the soldiers.

The public generally is displaying full sympathy with the troops, but the more influential newspapers do not hesitate to tell them that they are acting inadvisedly in taking their present course, which is not open to their comrades overseas, who are equally entitled to demobilization.

One of the chief causes of dissatisfaction is the belief held by numbers of the troops that they are to be sent to Russia. This will be dispelled by an official statement issued at the War Office to-day, saying that there is not the slightest intention of dispatching new forces to Russia. It has been announced authoritately that the rate of demobilization, which last week was 10,000 per day, already has been increased to 20,000 and 25,000 daily.

Mr. Lloyd George returned to London from Wales to-day and is expected to bring about the elimination of some of the formalities which have hindered the rapid demobilization of those men who can be spared before the treaty of peace is signed.

Official Statement.

A War Office statement issued today quotes an address by Major-General Fielding, commander of the London district, to troops assembled in the War Office quadrangle to-day. He absolutely declined to consider grievances submitted in such a manner by the troops, and told them they must bring their objections to their own headquarters and to their commanding officers. He reminded them that the war was still on, and that "although we have won the war, we may lose the peace." He said he knew the trouble was being fomented by only a few agitators, and that "most of the men would be ashamed of the action they are taking if they really knew the danger in which they are placing the country."

Understanding Needed.

The Government issued a further explanatory statement concerning demobilization. It announced that from a date to be fixed no officer or soldier in France will be allowed to come to the United Kingdom on leave except on the distinct understanding that he will return to France at the expiration of his leave, and that on no pretext whatever will he be discharged during leave. The statement adds: "Experience shows this order to be necessary in order to ensure maintenance of the army of occupation, the personnel of which must leave in their turn."

WARSHIPS RETURN TO UNITED STATES

Two Battleships and Four Destroyers Reach Port From Europe To-day

Newport News, Jan. 8.—The battleships Georgia and Kansas, bringing 2,650 troops from France, arrived here to-day.

Destroyers Return.

Boston, Jan. 8.—Four more destroyers returning from overseas service were welcomed here to-day. The Stringham, Sigourney and Bell were the first to arrive and they were soon followed by the Kimberly. Two other destroyers were expected later in the day.

Leave France.

Washington, Jan. 8.—The transport President Grant, the battleships Montana and South Dakota and the hospital ship Comfort have sailed from France for New York with 284 officers and 7,419 men.

BARON MICHELHAM DIES IN LONDON

London, Jan. 8.—Baron Michelham died in London yesterday. His death was due to pneumonia.

Herbert Stern, first Baron Michelham, was born in 1851 and was the son of Baron Hermann de Sterne. He was raised to the Peerage in 1912. Baron Michelham was well known as a philanthropist. In 1915, during the German zeppelin raids in London, he offered $5,000 each to the British airmen for the first 10 dirigibles destroyed. His heir is the Hon. Hermann Alfred Stern, who is 19 years old.

A REPATRIATION CAMPAIGN PLANNED

Dominion Cabinet Committee Will Deliver Speeches Throughout Country

Vancouver, Jan. 8.—A special dispatch to The Vancouver Province from Ottawa says:

"Having completed their plans for demobilization and repatriation, the Cabinet Ministers who are members of the Repatriation Committee propose to inform the people as to just what has been done, what is proposed to be done and what is expected of the public. A Dominion-wide campaign on repatriation is planned with a view to taking the public into the confidence of the Cabinet. The campaign will be opened on January 10 with an address by Hon. J. A. Calder, chairman of the Committee, before the Toronto Canadian Club. Hon. Gideon Robertson and Hon. T. A. Crerar will speak in Montreal, and Hon. N. W. Rowell in Ottawa on January 19. Hon. Arthur Meighen will go west and give a series of addresses in the leading western cities, opening with an address before the Winnipeg Canadian Club."

Mewburn at New York.

New York, Jan. 8.—It is announced that Major-General the Hon. S. C. Mewburn, Canadian Minister of Militia and Defence, will be the guest of honor at the monthly dinner of the Canadian Club of New York at the Hotel Biltmore on Monday evening, January 13.

Among the other guests and speakers will be Hon. Henri Beland, former Postmaster-General of Canada, who will speak of "My Three Years in a Berlin Prison;" Sir Herbert Ames, President of the Canadian Patriotic Fund, whose topic will be "Canada After the Storm;" Dr. John R. Mott, general secretary of the National War Workers' Council of the Y. M. C. A., of the United States, and the Rev. Dr. Wm. T. Fanning, of New York.

ROAD BUILDING IN UNITED STATES

Washington, Jan. 8.—Road building on an intensive scale is expected by Government officials this year.

Estimates by the Bureau of Public Roads and Rural Engineering indicate a minimum expenditure on highways ways of $300,000,000. Deferred construction and the improvement of existing roads so that greater use may be made of the parcel post system are expected to swell the total expenditures in the post-war period to $1,000,000,000.

FUNERAL TO-DAY THEODORE ROOSEVELT

Simple Service Desired by Ex-President of United States Is Held

VICE-PRESIDENT ATTENDS FOR PRESIDENT WILSON

Oyster Bay, N. Y., Jan. 8.—The body of the late Colonel Roosevelt was carried into Christ Church shortly before one o'clock to-day and the simple funeral service arranged was held.

Long before the service began silent crowds of villagers and visitors collected in the vicinity of Sagamore Hill, Christ Episcopal Church and Memorial Cemetery. Many tried to gain admittance to the spacious grounds of the Roosevelt estate, but mounted police and special deputy sheriffs kept all on the move.

Only the immediate members of the family were present at the prayer service at the house prior to the rites at Christ Church, as follows: Mrs. Theodore Roosevelt, Representative and Mrs. Nicholas Longworth, Captain and Mrs. Archibald Roosevelt, Mrs. Theodore Roosevelt, Jr., Mrs. Richard Derby, Mrs. Douglas Robinson, the Colonel's sister; Mr. and Mrs. T. Douglas Robinson, the former being the Colonel's nephew; Rear-Admiral W. S. Cowles, Mr. and Mrs. Joseph Alsop, W. Emlen Roosevelt and John K. Roosevelt, cousins of the Colonel; Mr. and Mrs. E. Reeve, Mrs. J. West Roosevelt, Mr. and Mrs. Langdon Warner, Mrs. Hilbert L. Roosevelt, John E. Roosevelt, Mrs. Fairman Dick, Mrs. Monroe Robinson, Mrs. Langdon Geer, Mrs. John E. Roosevelt, Mrs. James A. Roosevelt, Mrs. Frederick Roosevelt, Samuel Roosevelt and Miss Nellie Tyler.

At Church

Admission to the little village church where the Colonel worshipped was by card and was limited to less than 500. President Wilson was represented by Vice-President Thomas R. Marshall, the army by General Peyton March, and the navy by Admiral Winslow, and delegations representing both branches of Congress attended. Governor Alfred E. Smith and leaders of both branches of the Legislature represented New York State.

Among the close friends of the former President invited were: Senator Henry Cabot Lodge, of Massachusetts; former President W. H. Taft and former Justice Charles E. Hughes. A delegation of rough riders who served under the Colonel in the Spanish-American war had places of honor. This contingent included: Lieut.-Col. John C. Greenway, of Bisbee, Ariz., famous football and baseball player in his college days; Major Roscoe Channing, a former Princeton football player; Major Robert C. Hanning, a tennis player; Captain W. E. Dame, of Las Vegas, N.M.; Captain Arthur F. Cosby, George and Charles Knoblach, Charles Mills, Edgar Knapp, J. Lorimer Worden, W. A. Davidson, Kenneth D. Robinson and Guy Murchie.

Others invited included Brigadier-General and Mrs. Cornelius Vanderbilt, Mrs. Wm. K. Vanderbilt, Mr. and Mrs.

(Concluded on page 4.)

HOTEL WAITRESSES IN TORONTO UNDERPAID

Toronto, Jan. 8.—An investigation by Miss E. H. Dempsey, an organizer of the American Federation of Labor, who has been in Toronto for some time organizing waitresses in restaurants and hotels, has revealed what she declares is an intolerable state of affairs.

The highest wage paid to any waitress, according to Miss Dempsey, is sixty-nine cents a day if she rooms in the hotel and eighty-three cents a day if she provides her own room. In the majority of the hotels the girls are expected to work seven days a week. These conditions do not prevail in the Chinese and Greek restaurants, where the waitresses received from $12 to $15 a week and have better working conditions.

FUNERAL OF HIRAM GILL.

Seattle, Jan. 8.—Mayor Ole Hanson announced to-day that the City Council will arrange an official tribute to the memory of former Mayor Hiram C. Gill, who died yesterday. Arrangements for the Gill funeral were made to-day.

ALLIED LEADERS TO START INFORMAL DEBATES THURSDAY

Paris, Jan. 8.—(Associated Press).—Informal conferences between Entente statesmen which will lay the real groundwork for the Peace Conference will begin on Thursday. These conferences will be President Wilson's only official activity prior to the beginning of the peace congress, as it is necessary for him to get some rest after a fatiguing round of speeches and traveling.

There seems to be excellent authority for saying that plans for the settlement of the most important questions—the League of Nations, the freedom of the seas and disarmament—are still very indifferent.

Several propositions are being put forward for the adjustment of these matters, but there is none having the color of official sanction. If Mr. Wilson has drawn up any specific plans, he has not divulged them, and it is known that he is closely studying various suggestions that are advanced by others.

The best information obtainable as to the conferences so far held with the British and Italian statesmen is that they were very satisfactory, settling differences as to principles involved.

Lord Robert Cecil, who has made the subject of the League of Nations a special study on behalf of the British Government, held a long conference to-day with Secretary of State Lansing and Col. E. M. House regarding the details to be worked out in forming a League. Their conference followed a conference between President Wilson and Col. House last evening.

DECISIVE CLASHES IN BERLIN SEEM TO BE ABOUT TO TAKE PLACE

Ebert Government Refuses to Negotiate With Spartacans and Gathers Troops Near Chancellor's Palace; Hundreds Reported to Have Been Killed

Copenhagen, Jan. 8.—The decision to use all available military forces to end Spartacan agitation was reached at a council of war held in Berlin by the Council of Soldiers and Workmen last night, according to a Berlin dispatch.

Gustave Noske has been appointed Commander-in-Chief of the Government troops, which have been concentrated near the Chancellor's Palace. The Government has refused to negotiate with the Spartacans.

Encounters of a decisive nature are imminent.

Basel, Jan. 8.—The German semi-official Woiff Bureau, which was removed to Frankfort when its Berlin office was seized, sent out a message to-day declaring that the Berlin Soldiers' and Workmen's Council and the garrison of the city had placed themselves on the side of the Government.

The Frankfort General Anzeiger, on the other hand, declares that the Spartacans continued to-day to occupy some of the public buildings. They easily retained control of the railways, the newspaper adds, and the employees ceased to run the trains.

Hundreds Killed.

London, Jan. 8. — Several hundred persons have been killed in the fighting in Berlin, according to a Copenhagen dispatch to the Exchange Telegraph Company, but up till 2 o'clock this morning no details of conditions there had been received. The Government seems, at least provisionally, to be master of the situation.

Early Tuesday morning the Berlin Government moved troops outside the city. The troops are ready to enter, according to the dispatch.

Field-Marshal von Hindenburg is reported to have arrived in Berlin.

The street fighting has been particularly sanguinary, it is said, owing to the fact that the Spartacus element has plenty of weapons from Spa. While the machine guns were firing and bombs were dropping, moving picture operators were busily recording the scenes in the streets.

It was announced recently that the American army had sent moving picture operators to Berlin.

Negotiations Refused.

Berlin, Jan. 7.—Via London, Jan. 8.—(Associated Press).—A Spartacan delegation to-day endeavored to confer with the Government, but was notified that the Government members could not discuss any matters until all public and private buildings now occupied by the counter-revolutionists had been vacated.

Have Flame-Throwers.

Berlin, Jan. 7, 11.45.—Via London, Jan. 8.—(Associated Press.)—At this hour Spartacan forces are being massed at several places where weapons and armored motor cars have been concentrated. In Wilhelmstrasse the Government forces are awaiting an attack.

Government troops have been posted on top of the Brandenburg Gate and adjoining buildings with machine guns. The Government troops in the Government buildings have been equipped with flame-throwers.

Meagre Reports.

London, Dec. 8.—The dislocation of the telegraph service has prevented anything more than meagre and scattered reports of what has been happening in Berlin, but all dispatches agree that severe street fighting occurred Tuesday.

The first encounters occurred Sunday in front of the Kaiserhof Hotel, when one person was killed and eight wounded. Some of the troops turned against the Government.

Eighteen Killed.

The Spartacans refused all offers of the Government to negotiate, and were attacking the Foreign Office, the Chancellor's Palace and other of the Ministries on Monday, when eighteen persons are reported to have been killed.

The Spartacans at the latest reports were holding the royal stables and the police headquarters, where Police Chief Eichhorn, over whose tenure of office the latest trouble arose, had gathered large quantities of arms.

General Groener, who recently was dismissed by the Government for alleged complicity in a royalist plot, is reported to have offered to occupy the capital with forty reliable divisions.

Statement Monday Night.

Berlin, Jan. 6.—(10 p. m.)—(Delayed)—"The Government feels to-night that it has the situation firmly in hand," was the statement made to the Associated Press correspondent here at 9 o'clock to-night at the Chancellor's Palace, where the members of the Government have been in session. Most intense excitement marked the day which ended in short but sharp fighting in front of the palace shortly after 5 o'clock.

The Spartacans approached the Government troops guarding the palace, carrying a white flag, and announcing that the place was surrounded, demanded surrender. This demand was refused. The Spartacans then opened fire, killing three Government soldiers and wounding several. The fire was returned and twenty of Liebknecht's followers were killed and a large number were wounded.

TWO PARTIES TO FORM OPPOSITION

Opinion in London Is Laborites and Asquith's Followers Will Unite

London, Jan. 8.—The claim of the Labor Party to be regarded as the official opposition party in the House, and the success of William Adams, the party's leader in the election, carries an important implication that the Labor Party considers itself as being able to form an alternate Government. It is a tradition of Parliament that in the event of a defeat of the Government in the Commons, the Sovereign will call upon the leader of the Opposition to form a new Cabinet.

The situation is interesting because the Labor Party's actions actually sidetrack the Asquith Party, which hitherto has been regarded the official Opposition. Much will depend on the decision of the Speaker of the Commons, whether the Laborites are granted all the privileges, including occupation of the Opposition whips' rooms and precedence in debate, accruing to the official Opposition.

It is generally believed that some compromise will be arranged which will combine Mr. Asquith's adherents and the Laborites as the Opposition.

MARY PICKFORD HAS INFLUENZA

Los Angeles, Jan. 8.—Miss Mary Pickford, the motion picture actress, who has been ill with influenza since Monday, was reported improved today by her physician. She was said to be in no danger.

FIRE AND EXPLOSION IN PITTSBURG KILLED TEN; INJURED TWENTY

Pittsburg, Jan. 8.—Ten persons are dead to-day and about twenty are suffering from injuries as the result of a spectacular fire and explosion which wrecked a film exchange building here late yesterday. The damage is estimated at $1,000,000. Some of the victims, mostly women, were hurled from the building by the explosion.

Sailors of British Mine-Sweepers Want Release From Navy

London, Jan. 8.—Discontent has made its appearance in the Grand Fleet over the slowness of demobilization, especially among the auxiliaries whose duty it has been to sweep up mines. The crews of many of the auxiliary craft were recruited from the fishing fleets and the men wish to share in the huge profits now being made by the fishermen.

NO EGGS BUT GREAT OVATION WAS GIVEN LAUDER IN MONTREAL

Montreal, Jan. 8.—It would have required a great deal of temerity on the part of unfriendly persons to make an overt demonstration of hostility when Harry Lauder appeared last night at His Majesty's Theatre here. The ovation that greeted the comedian on his appearance on the stage and which was renewed again and again proved that the overwhelming majority of the audience supported him. In addition there were scores of uniformed and plain clothes policemen scattered around the theatre.

WOOL WILL BE FREELY IMPORTED INTO U.S.

Washington, Jan. 8.—Removal of restrictions upon the importation of wool from all non-enemy countries has been ordered by the United States War Trade Board, effective January 10, as an important step in the programme for re-opening the ordinary peace time channels of trade. This will permit virtually unrestricted importation of raw wool, wool tops, noils, yarns and waste from South America. Licenses will be necessary after January 10, but they will be granted freely.

KING OF SPAIN IS PLANNING A VISIT TO SOUTH AMERICA

Buenos Ayres, Jan. 8.—King Alfonso of Spain, it is reported from Madrid, declared in an interview that he hoped to visit the republics of South America soon. The King added: "They and we are called upon to play a big part in the future history of the world."

LAND MEASURES IN STATE OF OREGON

Washington, Jan. 8.—A bill reconveying to the Government 93,000 acres of land in Coos and Douglas Counties, Oregon, on the payment of $4,232,500 to the Southern Oregon Company, a land-holding concern, was passed yesterday by the House and sent to the Senate. Enactment of the bill would end court litigation brought by Attorney-General Gregory for forfeiture of the land, which is pending in the Supreme Court.

Another bill passed by the House and sent to the Senate extends for ten years the time in which the Government of Oregon may reclaim lands in the Tumalo Irrigation project, aggregating 27,000 acres, in Deschutes County. States officials arranged passage of the bill so as to permit completion of the irrigation project and protect State expenditures of $450,000 already made on it.

SEA POWER VITAL TO BRITAIN'S SAFETY

Hurd Says England Must Revert to Fundamental Principal of Defence

London, Jan. 8.—(Reuter's)—Great Britain must get back to the fundamental principle of the defense of an Island State which is the centre of a maritime Empire, says Archibald Hurd, the naval writer, in an article in The Daily Telegraph, concerning the peace treaty. He lays down the following requirements:

"A supreme fleet as far as the European waters are concerned, prepared to co-operate with the American fleet in insuring to humanity real freedom of the seas.

"Complimentary to the Royal Navy must be a supreme British merchant navy, and it must be one of the first tasks of reconstruction to establish this essential element of sea power.

"Sea power having been shown to provide adequate safeguards against invasion and starvation and to constitute our first line of defence, the military problem has been simplified for we pursue neither by sea nor by land an aggressive policy.

"Associated with the two fleets an expeditionary force will be necessary after peace has been signed and provision must also be made for re-establishing garrisons overseas on a voluntary system.

"In order that the expeditionary force may be free to fulfill its overseas mission, and that the navy may not be tied to these shores, the restoration of some sort of a territorial force will be desirable."

The Air Ministry Mr. Hurd concludes, probably will become a civil body responsible for aerial transport, the Admiralty and the War Office meeting the needs of the navy and army.

INFLUENZA MEASURES.

Seattle, Jan. 8.—All passengers arriving at Cordova, Alaska, are required to undergo quarantine detention for ten days at their own expense as a health protective measure, because of the prevalence of influenza there.

ANOTHER VANCOUVER MAN IS THANKFUL

David Spence Gains Nine Lbs. By Taking Tanlac—Feels Fine in Mornings Now

"The best proof I can give that Tanlac is the right thing for me is the way it has relieved my suffering and is building me up," said David Spence, a cabinet builder for the Richmond Art Store, living at 1517 Gravely Street Vancouver recently.

"Since I began taking it" he continued, "and I have just finished my third bottle, I have gained nine pounds in weight and now feel better and more able to work than I have in a long time. I had suffered from sourness and gas on my stomach, indigestion and poor appetite for four years. I couldn't eat at all to speak of and many a time couldn't retain what little I did eat. I was so nervous and miserable that I would just roll and toss in my bed night after night, unable to get any sound sleep, and had gotten to where my work was more or less a burden to me.

"But things are altogether different with me now, as Tanlac has made me into a new man. I haven't a sign of stomach trouble any more and when it comes to eating, I'm a champion. I can eat just anything and lots of times I want a lunch between dinner and supper. And as for sleep; why, I sleep so sound that my wife has a hard time waking me up in the mornings. I never feel any pain or distress of any kind now and Tanlac is certainly building me up fine, for as I said, I have already gained nine pounds. Before I took Tanlac I simply hated to stir around, but now I go to my work in the mornings feeling fine and stay that way all day. I have tried many different kinds of medicines but Tanlac has them all beat and I can honestly recommend it for what it has done for me."

There is not a single portion of the body that is not benefited by the helpful action of Tanlac, which begins its work by stimulating the digestive and assimilative organs, thereby enriching the blood and invigorating the whole system. Next, it enables the weak, worn-out stomach to thoroughly digest its food, thereby converting the nourishing elements into blood, bone and muscle.

It overcomes, it is said, that great exciting cause of disease—weakness. It renders the body vigorous and elastic, keeps the mind clear and energetic and throws off the symptoms of nervousness and indigestion. It builds up the constitution weakened by disease and mental and physical overwork, quickens convalescence and is an unfailing source of comfort to all suffering from such troubles.

Tanlac is sold in Victoria by D. E. Campbell.—Advt.

GERMANY MAY ASK FOR FURTHER DELAY

Terms of Armistice Are Not Fulfilled and Time Is Short

Paris, Jan. 8.—Only nine days remain before the expiration of the time allotted to Germany for the meeting of the armistice terms of Marshal Foch, and many details still remain not completely complied with. This is particularly true as concerns Article 4 of the armistice, regarding the surrender of war material, especially guns and aeroplanes.

About 5,000 trucks have been delivered, but the number of railroad engines turned over equals only half the number stipulated in the armistice. A great number of the 150,000 railway cars, in good working order, called for, are still undelivered. In addition, naval units, including submarines, remain in German seaports, although under the terms of the armistice they should have been surrendered.

Added to the non-fulfillment of the surrender of war material is the failure of Germany to abide by her agreement to repartriate immediately a great number of Entente soldiers held as prisoners, and in high quarters the question has arisen whether in spite of Marshal Foch's indulgency, the inter-allied command will not be more severe in its dealings with Germany when the expected request by Germany for a further delay in meeting the Allied terms comes up for discussion.

LAND ENTRY IN ALASKA.

Washington, Dec. 3.—Provisions in the homstead laws for Alaska stipulating that no entry shall be allowed extending more than 160 rods along the shore of any navigable water, and that a space of eighty rods be reserved between all claims are removed by a resolution which passed the House yesterday, and was sent to the Senate. Secretary Houston urged passage of the resolution, stating it would stimulate development of Alaska.

REALIZED MENTAL DEFECTS OF WILHELM

Emperor Frederick Considered Him Dangerous in Foreign Politics

Berlin, Dec. 20.—(Correspondence of the Associated Press).—Less than two years before William II., the former German Emperor, came to the throne of Germany, his father Frederick considered it dangerous to allow him to have any hand in the foreign politics of the German Empire. Frederick, in fact, had an extremely low regard for his son's mental equipment and ability, and it is frankly set forth in a letter written to Bismarck, September 28, 1886, from Portofino, Italy, and which has just been made public.

Snap Judgments.

William's principal defects at that time, as his father saw them, were "his habit of making snap judgments in a manner tending to exaggeration," lack of "actual learning" which was "still full of gaps," and "an inclination to conceit." Here is the text of the letter:

"My son, Prince Wilhelm, has without my previous knowledge expressed the wish to His Majesty (William I.; Frederick then was still the crown prince) to become better acquainted with the operations of our ministries during the coming winter, and I learn that it is intended to employ him in the Foreign Office.

"Inasmuch as I have received no official communication to that effect, I am compelled to turn to you in confidence to learn what has really been decided on, and further to declare that, despite the fact that I am in favor in principle of introducing my son into questions of the higher administration, I am decidedly opposed to having him begin at the Foreign Office. For in view of the importance of the tasks to be entrusted to the Prince, I consider it imperative that he shall first of all thoroughly learn the internal conditions of his own land and have the feeling that he understands them thoroughly before he, with his habit of making snap judgments tending to exaggeration, busies himself with politics.

Learning Deficient.

"His actual learning is still full of gaps, and at the same time he lacks the proper foundation, and for this reason it is absolutely necessary that his education be improved and completed. If he could be assigned to the office of a civilian advisory official, and if he could later be connected with or even given a post in one of the administrative ministries, it would serve this purpose. But, in view of the immaturity as well of the inexperience of my eldest son, and also of his inclination to conceit, I am compelled to declare that it is absolutely dangerous to bring him into touch with questions of foreign policy at this time. And while begging you to consider my communication as strictly confidential I count on your support in this matter, which causes me grave anxiety."

ACHIEVEMENTS IN AERIAL NAVIGATION

General Sykes Speaks of Remarkable Feats and Others Contemplated

London, Jan. 8.—Some of the wonders achieved in aerial navigation and other wonders contemplated were spoken of yesterday by Major-General H. F. Sykes, of the Air Ministry staff, in an address before the Chamber of Commerce.

General Sykes told how Paul D. Cravath and Oscar Crosby, American members of the Inter-Allied Council, had been carried from England to Paris and back on the same day in four hours and twenty minutes.

It was said by General Sykes that in four mnths, between July and October, 207 trips were made across the English Channel. The mileage traversed was 8,085, and 1,843 passengers were carried, although flying was possible on only seventy-one days.

Few Fatal Accidents.

The fatal accidents were surprisingly few, said General Sykes, the average being only one in every 1,170 hours flown. Since January, 1916, 340 officers had lost their lives on the Western front, nearly all their deaths being due to battles. The total of hours flown was close to a million.

The difficulties of a trans-Atlantic flight, according to General Sykes, were not so much endurance of the machine and personnel, but of navigation, meteorology and wireless, and such a task should not be undertaken lightly.

Mail Services.

As for the future, the Government was looking forward to a weekly mail service to India, for which twenty-five machines would be required, and the charge of sending mail a few shillings an ounce. Another route contemplated was from Cape Colony to Cairo, for which airplanes and flying boats would be used.

Suggesting that airships might be adopted for long distance flight, General Sykes said a German zeppelin flew from Bulgaria to German East Africa, carrying twelve tons of ammunition. When the zeppelin reached Africa and the commander heard that the force of which it was taking the ammunition had surrendered, the balloon made the return journey, reaching home safely after having been in the air for four days without landing.

Night Flying.

Night flying, according to General Sykes, is less liable to suspension than day flying, owing to weather conditions being more suitable. For instance, he said, it might be possible to make 180 night and only 100 day trips from London to the Rhine in a year.

The direction-finding wireless instruments carried by airplanes were developed during the war, General Skyes said. The apparatus enabled machines to fly in all kinds of weather. The details of it remain a secret.

Physician Explains Who Should Take Nuxated Iron

Practical Advice on How to Help Build Up Great Strength, Energy and Endurance.

Commenting on the use of Nuxated Iron as a tonic, strength and blood builder by over three million people annually, Dr. James Francis Sullivan, formerly physician of Bellevue Hospital (Outdoor Dept.), New York, and The Westchester County Hospital, said: "Lack of iron in the blood not only makes a man a physical and mental weakling, nervous, irritable, easily fatigued, but it utterly robs him of that virile force, that stamina and strength of will which are so necessary to success and power in every walk of life.

It may also transform a beautiful, sweet-tempered woman into one who is cross, nervous and irritable. I have strongly emphasized the great necessity of physicians making blood examinations of their weak, anaemic, run-down patients. Thousands of persons go on year after year suffering from physical weakness and a highly nervous condition due to lack of sufficient iron in their red blood corpuscles without ever realizing the real and true cause of their trouble. Without iron in your blood your food merely passes through the body something like corn through an old mill with rollers so wide apart that the mill can't grind.

For want of iron you may be an old man at thirty, dull of intellect, poor in memory, nervous, irritable and all "run down," while at 50 or 60 with plenty of iron in your blood you may still be young in feeling, full of life, your whole being brimming over with vim and energy."

The accompanying article of Dr. Sullivan should be carefully read by every man and woman who wants to possess perfect health, great physical endurance and a strong, keen mentality. Dr. Sullivan tells how to increase the iron in our blood and thereby gain greater physical and mental power, brighter intellects and better health.

But in my opinion you can't make strong, vigorous, successful, sturdy iron men, and healthy, rosy-cheeked women by feeding them on metallic iron. The old forms of metallic iron must go through a digestive process to transform them into organic iron—Nuxated Iron—before they are ready to be taken up and assimilated by the human system. Notwithstanding all that has been said and written on this subject by well-known physicians, thousands of people still insist on dosing themselves with metallic iron, simply, I suppose, because it costs a few cents less. I strongly advise readers in all cases to get a physician's prescription for organic iron—Nuxated Iron—or if you don't want to go to this trouble then purchase Nuxated Iron in its original packages and see that this particular name (Nuxated Iron) appears on the package. If you have taken preparations such as Nux and Iron and other similar iron products and failed to get results, remember that such products are an entirely different thing from Nuxated Iron.

Manufacturers' Note: — Nuxated Iron, which is used by Dr. Sullivan and others with such surprising results, and which is prescribed and recommended above by physicians, is not a secret remedy, but one which is well-known to druggists everywhere. Unlike the older inorganic iron products it is easily assimilated and does not injure the teeth, make them black nor upset the stomach. The manufacturers guarantee successful and entirely satisfactory results to every purchaser or they will refund your money. It is dispensed in this city by C. H. Bowes and other druggists.

BRITISH GOVERNMENT STOPS DISPATCH OF TROOPS TO RUSSIA

London, Jan. 7.—The British Government has not the slightest intention of sending any more troops to Russia, it was announced yesterday. Not more than 20,000 British troops are in Russia to-day, a number of which are non-combatant the announcement states, and these are being brought back as quickly as possible.

TRIBUTE PAID TO GREAT AMERICAN BY SIR R. BORDEN

London, Jan. 8.—Sir Robert Borden, the Canadian Premier, in paying tribut to Theodore Roosevelt, said: "That he was one of the great commanding figures of the world," and added:

"His vigor of expression, wide vision and high idealism won for him a great place, not only in his own country, but in the wider theatre of world affairs. The remarkable reception accorded him on his last visit to Canada testify to affection and esteem in which he was held by the people of Canada. In Colonel Roosevelt there has passed away one of the great commanding figures of the world. I last saw him more than a year ago in a New York hospital where he was recovering from a severe illness, and I shall always gratefully remember the intense appreciation he then expressed of Canada's effort in the war and the heroic spirit of her people."

Piles Cured in 6 to 14 Days

Druggists refund money if PAZO OINTMENT fails to cure Itching, Blind, Bleeding or Protruding Piles. Stops Irritation, Soothes and Heals. You can get restful sleep after the first application. Price 60c.

SUPPLIES TO CEASE FOR CANADIAN FIELD COMFORTS COMMISSION

Toronto, Jan. 8.—Word has been received from Captain Mary Plummer, of the Canadian Field Comforts Commission, that the shipments of supplies overseas through that organization must now cease. Money is the urgent need at present to fill requirements from the officers and men in Germany.

LETTERS

Letters addressed to the Editor and intended for publication must be short, and legibly written. The longer an article the shorter the chance of insertion. All communications must bear the name and address of the writer, but not for publication unless the owner wishes. The publication or rejection of articles is a matter entirely in the discretion of the Editor. No responsibility is assumed by the paper for MSS. submitted to the Editor.

CEMETERY BY-LAW

To the Editor.—In a letter published by you yesterday under the caption "Borrowing Again," I tried to depict the evils of the borrowing system in regard to civic affairs, with its present application in the purchase of land suitable for a cemetery civic. There can be only one reason for borrowing and it is that the money required cannot be obtained in any other way. Is this true of the City of Victoria? Is its municipal revenue at so low an ebb that the purchase of a few acres of land would swamp it?

There has been no explanation offered nor discussion published concerning the purchase contemplated. For instance, is it absolutely necessary to purchase 81.69 acres as described in Lots A. B. C., which means possibly 95 acres? Would not a smaller piece be sufficient? There are three lots offered, why not buy one section this year and secure options upon the other two lots for two succeeding years? The price is no particular snap, $400 per acre for farm land, without any transportation line near it. As compared with the Scott property at $500 per acre it is dear, very dear, an dyou may safely wager that farm property out of sight of railway or tram line, in the whole of the Saanich Peninsula will not be worth more than $400 per acre for the next 20 years.

Now if a smaller piece is purchased and spot cash paid for it, is it not probable that a discount of 10 to 25 per cent will be given? Let the experience of the real estate men be sought and they will tell you that there are plenty of suitable sites obtainable upon the cash down principle at $300.00 per acre or less.

The present cemetery is about 38 acres inclusive and has lasted for about 50 years, and there will be room for interments for the next ten years or more in certain sections so that any new cemetery will be used slowly for the first few years. Under the proposed by-law the interest charges will amount to $19,950 and if to this may be added a discount of $8000, the City will probably pay for a piece of property $57,950 on the credit plan for which only $30,000 need be paid on the cash plan.

Further, why not select the most useful sites, publish full particulars of each, and let the citizens decide by ballot which they prefer? A plebiscite taken upon such a subject is provocative of interest and the mature judgment of the many is better than the selective judgment of the few.

Above all, why borrow? Why continue the blundering bankrupting system? Why imitate the methods of countries like Russia, Turkey, Spain Austria and France, instead of copying the system in vogue in the land we love, Great Britain?

W. MARCHANT.

"TO THE EDITOR."

To the Editor,—Would you allow a little space for this letter in reply to some of the remarks of the Socialist speaker whose address you published in to-night's Times. An erstwhile Protestant preacher of the Gospel—now a laborer dares to indict Christianity, and, at the same time, tires to work in the name of Christ with his I. W. W. propaganda—or his newer name—"Co-operative Commonwealth." Allow me to protest against all such Satanic suggestions, for I maintain that my Lord and Master, who was called the Nazarene, was "Not of the World" (read John 17-14.) He was the Great Individualist, and was crucified by the mob of Jeruaslem. He was no mere "working man." He was a "contented worker," doing God's Will down here, and his disciples were the same as their Blessed Masters—in the world, but not of it. He was no industrial co-operative commonwealth propagandist, but "The Savior of the Lost." He alone could say, "Come Unto Me!" All (all classes of society) ye that labor and are heavy laden, and I will give you rest. That's the cure for this restlessness of labor men, and business men. I do not need to make a long letter of this, Mr. Editor, but by your courtesy I would just wish to protest in these few words against the references, or inferences, made concerning Christ by the speech on Sunday night.

J. B. GREENLAND.

THE MAYOR'S PLATFORM.

To the Editor,—Plank No. 6 in Mayor Todd's platform reads as follows: "Carefully guard against adoption of experimental municipal legislation at approaching session of Provincial Government.(?)

I wonder if the Mayor intended that for a joke. It seems to assume that "at approaching session Provincial Government" legislation that is experimental, and therefore, wholly bad, will be introduced, that the four members for this city cannot be trusted, and that he alone will carefully guard us from such experimental and dangerous legislation. How thankful we all should be for such a valiant knight to protect us from this impending evil! Now we can all go to bed at night and sleep in peace, for even if this wicked Government attempts any of its dire tricks with us, the Mayor tells us he will be right on the job to carefully guard us.

Two Acts dealing with municipalities are promised for the coming session, one amending and consolidating the Municipal Clauses Act, and the other providing for a Public Utilities Commission, or Local Government Board. Concerning this latter body it might be well to remember:

That Dr. Adam Shortt recommended its appointment in his report re B. C. Electric Railway. That the B. C. Union of Municipalities approved of its appointment. That there is such a body in Alberta, where it has worked excellently for several years. That many British Columbia municipalities are on the verge of bankruptcy to-day, partially through the absence of such a board.

The trouble with our Mayor arises from the fact that he is constitutionally a born pessimist about everything which does not originate with himself, and an optimist of the purest water regarding everything that does. For example, he doesn't like the Lord's Day Act and wants it changed.

He doesn't like the Prohibition Act and wants that amended.

He doesn't like the Mayor's room in the City Hall, good enough for all previous Mayors, and wants that changed.

He doesn't like the Mayor's salary of $3,000 a year, and wanted his finance committee to raise it to $4,000, even when he was telling the city employees that their wages could not be increased, and so on.

In his platform published two years ago Mayor Todd promised to secure the "immediate construction of the Johnson Street bridge." Now he promises to "press to conclusion Johnson Street Bridge." If he presses to conclusion this bridge the way he has during the last two years, and he is continued in the office of Mayor, how long will it be before the bridge is built?

He tells us in Plank 1 of his platform that an understanding regarding this bridge was reached by "Baron Shaughnessy, Premier Oliver and the Mayor on 17th September." That was a long time ago. What has caused the delay since? Possibly the fault lies with this Government that so needs watching, as pointed out in the Mayor's Plank 6.

Mr. Todd has now filled the office of Mayor for two years. He should be satisfied with that. There are other men in the Council just as deserving of the honor, just as capable of filling the position. The honor and the office should be passed around. If we keep one man in this office too long he is apt to get the idea that he owns the whole city, including the Johnson Street bridge.

ELECTOR.

A Stubborn Cough Loosens Right Up

This home-made remedy is a wonder for quick results. Easily and cheaply made.

The prompt and positive action of this simple, inexpensive home-made remedy in quickly healing the inflamed or swollen membranes of the throat, chest or bronchial tubes and breaking up tight coughs, has caused it to be used in more homes than any other cough remedy. Under its healing, soothing influence, chest soreness goes, phlegm loosens, breathing becomes easier, tickling in the throat stops and you get a good night's restful sleep. The usual throat and chest colds are conquered by it in 24 hours or less. Nothing better for bronchitis, hoarseness, croup, whooping cough, bronchial asthma or winter coughs.

To make this splendid cough syrup, pour 2½ ounces of Pinex (50 cents worth) into a 16-oz. bottle and fill the bottle with plain granulated sugar syrup and shake thoroughly. You then have 16 ounces—a family supply of a much better cough syrup than you could buy ready-made for $2.50. Keeps perfectly and children love its pleasant taste.

Pinex is a special and highly concentrated compound of genuine Norway pine extract and is known the world over for its promptness, ease and certainty in overcoming stubborn coughs and chest colds.

To avoid disappointment, ask your druggist for "2½ ounces of Pinex" with full directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Toronto, Ont.

TREE-PLANTING IN MEMORY OF ROOSEVELT

Washington, Jan. 8.—Nation-wide planting of trees and naming of a great national highway in honor of Theodore Roosevelt were suggested today as memorials to the former President by Charles Lathron Hack, president of the American Forestry Association.

WHAT WILL THE PRICE OF WHEAT BE IN CANADA?

Interesting Facts and Figures Which Relate to General Situation

GOVERNMENT SUGGESTS INTERNATIONAL MARKET

The question as to what the future holds for the Canadian wheat producer is one that is attracting a considerable amount of interest at the present time. When the United States set a price of $2.26 on all wheat marketed up to June, 1920, there was created a problem for Canada that will need careful consideration if the danger of a possible low production is to be met without a dangerous financial strain being laidup on the Government. With the country to the south guaranteeing the price at war figures, and with conditions gradually returning to a peace basis what action will the Canadian Government take? Will there be an attempt to bolster up production by following the example of the United States? Or will there be a return to the normal situation where the matter of supply and demand will establish the price?

It would seem probable, according to The Financial Post's Ottawa representative, that some international action to stabilize wheat prices may be taken. The best opinion there seems to be that Europe will buy through Governmental agencies for the next year and a half. If Europe continues to buy through Government agencies, it may be necessary to have organized agencies to deal with them.

Opinion of Millers.

As far as the Canadian milling experts are concerned the general opinion appears to be that any attempt to set a price on a parity with that set in the United States would be to undertake an enormous financial burden. To the United States Government the course taken means the outlay of millions of dollars, and there is no likelihood that the obligation will be enlarged by permitting other countries to dump stocks on their markets. On the other hand the United States is not, first and foremost, an exporting nation. Estimating the coming crop at, say, 900,000,000 bushels, the first demand will be for home consumption, an item of some 600,000,000 bushels. For this the consumer will have to pay on a line with the $2.26 set price. It may mean higher prices for flour and bread than in other countries, but will not entail desperate hardship. On the 300,000,000 bushels available for export the United States Government may have to pay the difference, whatever that may be, between the world market price and the set price. This would be recouped in taxes.

Canada is first and foremost an exporting nation. It is possible that next year there may be a Canadian crop of about 300,000,000 bushels. In rough figures Canada will consume about 40,000,000 bushels of this and reserve approximately the same amount for seed purposes, leaving approximately 220,000,000 bushels for export. If the Canadian Government were to follow the example of her neighbor with the idea of encouraging production, it would mean that she must be able to pay the difference between the world market price and the set price on 220,000,000 bushels, or, in other words assume with a population of something under 8,000,000 people and limited financial resources practically the same obligation as the United States assumes with a population of 110,000,000. The financing of the next season's crop in the opinion of representative milling officials would entail the financing of the entire crop, which would involve the employment of roughly $600,000,000.

Readjusting Prices.

That there will be a downward trend in wheat prices is not doubted in milling circles. Remove the restrictions to-day, said one miller, and May option wheat will be selling in Chicago and Winnipeg at $1.50 a bushel. The general world situation, in the opinion of the millers, produces the possibility of a $2.26 figure for wheat justifying itself as a market figure for next season's crop.

There are substantial stocks of wheat for export in Australia, Argentine, India and Egypt. Moreover, there are large reserve stocks in allied countries; while England and France have enormously increased their home production. It is conceivable that there may be a falling off in this latter item under changed conditions, but unquestionably there will be a heavier production than in pre-war days. Just what they will be willing to pay is a matter in dispute, but there is little difference of opinion among the millers that any suggestion of a set price must be based on a known market figure, and not on the precendent set by the United States.

The great fear is that a failure to set a price will decrease production. Canadian prosperity is unquestionably largely built up on the success of the wheat crop, and the prices obtained. It could only be a false prosperity, however, that could be built on prices bolstered by Government bonus. It would merely be a matter of taking the money out of the pocket of the average citizen and putting it in the pocket of the wheat producer, with no tangible gain to the country as a whole. Sound business does not recommend a higher price to the farmer than the best which can be obtained in the consuming market. The matter is one of such vital importance that it cannot be left to speculation. The Government should declare its policy in ample time so as to allow farmers to make their plans well in advance. It is apprised of the situation, and the country will expect it to take definite and timely action.

The World Supply.

Egypt, Argentine, and particularly Australia, have pretty large accumulations of wheat which could not be transported during the war time, but which they will be anxious to put on the market at the earliest opportunity. Australia has several hundred million bushels of her old crop, and already forty million bushels of this have been offered for sale at $1.10 per bushel. Even with the freight added, this could be placed on the Liverpool market at a price considerably lower than that now prevailing. Great Britain and France are negotiating with the Argentine for the purchase of supplies, the Argentine Government agreeing to establish credits for this purpose. The supply there available for export is estimated at around two hundred million bushels. In Canada and the United States there is a surplus available for export of about 350,000,000 bushels. Leaving out Russia, we may see Europe get back to production very rapidly.

When we take into consideration the large amount in addition existing in the shape of flour, and the fact that further large crops will be on the market before shipping accommodation in any large quantity can be secured, it is obvious that Europe's normal average demand of less than five hundred million bushels is already visible.

A MINING CASE.

Washington, Dec. 8.—Application for injunction to restrain the Butte and Superior Mining Company from disposing of its assets through payment of dividends or otherwise, until final determination of proceedings brought by the Minerals Separation, Limited, to enjoin that organization from alleged infringmenet of a patented process for extificating ore by flotation, were to-day denied by the Supreme Court, before which body the appeal is now pending.

A Wall of Resistance

Emphasis should be placed upon the conservation of strength and the building up of a strong wall of resistance against weakness.

SCOTT'S EMULSION

is used regularly by many, right through the winter, as a dependable means of conserving strength. For the delicate child or adult, *Scott's* offers rich nourishment with tonic-qualities that are great in their ability to strengthen the body and increase resistance.

OVER 35,000 CASES OF SUPPLIES SHIPPED THROUGH TO SIBERIA

Vancouver, Jan. 8.—Interesting revelation on the immense amount of supplies shipped to Siberia through Vancouver and handled by the local Canadian Red Cross officials, are disclosed following the lifting of the censorship affecting this branch of war work.

Altogether over 35,000 cases of materials of all kinds, in addition to hundreds of Christmas boxes, have been sent across the Pacific.

The proportions of this material shipped by various Provinces were as follows: Alberta, 668 cases; British Columbia, 400 cases; Ontario, 152 cases; Manitoba, 243 cases; Quebec, 249 cases; Saskatchewan, 298 cases.

DEMOBILIZATION OF CANADIAN TROOPS IS WELL ADVANCED

Toronto, Jan. 8.—A London cable to The Toronto Telegram says:

"Sir Edward Kemp says that demobilization of Canadian troops is further advanced than that of any other country. He says that 30,000 have returned so far, and that 20,0000 will go home in January. At the same time the difficulty of the situation is pointed out, as the Germany army is still intact.

"Speaking of the rumored unrest in Canadian camps in England and the reported trouble at Folkestone recently, Sir Edward said: 'I have heard nothing of it, and I believe there is no truth in it.'"

LARGEST FIGHTING LEVIATHAN AFLOAT

London, Jan. 8.—(Canadian Press dispatch from Reuter's.)—Although no official statement has yet been made, it is understood that the British warship Hood, now nearing completion, will be the largest fighting vessel in the world.

She is 894 feet long, and will carry eight 15-inch guns. Her hull is fitted with an outer cushion, against which torpedoes and mines would explode harmlessly.

She is expected to make a speed of at least forty miles an hour. The Hood will cost three and three-quarter million pounds sterling. It is stated that three other battle cruisers of the same type are being built.

BRITISH PAPERS PAY TRIBUTES TO ROOSEVELT

London, Jan. 8.—The Manchester Guardian describes the late Theodore Roosevelt as one of the best known and most vividly conceived of contemporary public men. "He brought into world politics something of the wind of the great prairies," it says.

The Daily News says: "Roosevelt undoubtedly added to the greatness of his country."

FAIR-PLAY FOR HOME MARKET.

A few years ago the American people found that they were being penalized to promote their country's export trade, that they were being charged for American-made goods almost double in many instances what the same goods brought in foreign markets. They discovered that, to a considerable extent, the more imposing the statistics of their foreign trade became the more they were being soaked at home and that they were entirely at the mercy of the trusts and combines owing to a high tariff which kept foreign competition out of the home market.

Eventually they rose in their wrath and put in office a party pledged to remove these disabilities. There ought to be a lesson in this for the trusts and combinations in Canada which have been trying the same trade tactics under almost identical tariff conditions. In not a few instances Canadians are being charged much higher prices for Canadian-made goods than the same goods bring in foreign markets. This is one of the reasons for the soaring prices demanded in Canada for many commodities, for which, by the way, their producers are everlastingly requesting tariff protection.

It is time that sort of thing came to an end. Canada wants foreign trade, but not at the sacrifice of Canadian interests at home, and the Canadian Government should see that the home market is fairly treated before any concession is given to the foreign market. People are not in the mood to permit themselves to be imposed upon in order that Canadian-made goods can be sold cheaply abroad, and if the Canadian Government were less obsessed with the theory that trade figures, no matter how they are produced, are infallible signs of a healthy economic and social condition it would be quick to realize this.

WILL BEAR IT WELL.

An article contributed by H. B. Thomson to the annual financial number of The Toronto Globe on Canada's increased export of food to the war area concludes with the following pertinent observation:

"France in her great time of trial after the war of 1870, paid off the huge indemnity to Germany in an incredible short time owing to the thrift and industry of her people. France, for the same reason, will recover herself after this war, although the best portions of her industries and mines have been wrecked and laid waste. Therefore, if we in Canada who have been fortunate enough not to have experienced such devastation, will make up our minds, by united effort to act, the debt incurred by the war on this country will soon be lifted and the Dominion will forge ahead commercially to the position where her great natural resources warrant that she should be."

M. Thomson is right about France. She will be a hive of industry as soon as her programme of reconstruction begins. She will be as full of activity as she was after 1871, and she will adjust the burden of her debt of nearly $30,000,000,000 in a way that will surprise the world as greatly as her extraordinary demonstration of virility in the war surprised those who did not really know her. She will make everything count. Nothing will be wasted and her whole energy will be concentrated on the creation of more wealth. What is wasted in Canada, in material and energy, in France would be converted into the interest charges on many millions of her debt.

Canada's war debt of a billion dollars seems large, but in the light of her resources and the annual production of her fields, mines, timber, fisheries and manufactures it shrinks to very small dimensions. Our exports of foodstuffs alone for the fiscal year 1917-18, according to Mr. Thomson's figures, were $710,619,400. Under an efficient administration and with the properly-directed effort of the Canadian people the war debt of Canada should be borne without any great difficulty.

The American Civil War left the Union with a load of some four billions, which at that time was, perhaps, the most formidable national debt of any nation in the world, but in a very short period the burden was raised and ten years ago the national debt of the republic was almost negligible.

MAJORITY RULES IN CANADA.

During the last few days demands have been sent to Ottawa by labor conventions in two different parts of Canada for the release from jail of members of the organization sentenced for being in possession of seditious literature. In one case the demand was supported by a threat to strike.

One of the chief functions of the Government is to enforce the law, in which it expresses the will of the overwhelming majority of the Canadian people. That function must not be abandoned or suspended on the demand or threat of any class, for if this were done government would cease to exist, our political institutions would be overthrown and Bolshevism with its twin spawn of anarchy and chaos would reign in their places.

The Government has the power to liberate these particular men before the expiration of their sentences, subject to certain conditions, but if this be done it should not be because of any "ultimatum" or threat to "tie things up" of any class minority, but because the purpose of the punishment which has been inflicted has been served.

If there is any element in Canada which imagines that the methods and practices of the Bolsheviki of Russia can be employed successfully in Canada it will be speedily disillusioned after the first real test.

TOO MANY COOKS.

A London dispatch says a "small Cabinet, preferably consisting of ten who can meet frequently and be supplied in the most convenient form with all information enabling them to arrive at decisions in the most expeditious manner" is recommended in a report made by a special committee appointed in 1917 to inquire into the governmental machinery of Great Britain and make recommendations for its improvement.

It is time a similar inquiry was conducted with a view to overhauling the Canadian governmental machinery. If the British Cabinet system is a top-heavy institution, that of Canada is much more so, for the Canadian Cabinet is almost as large as the Cabinet which administers the vast affairs of the United Kingdom and deals with matters of Empire-wide importance.

Counting the Ministers without portfolios there are about twenty members of the Canadian Cabinet, including two Ministers of Militia—one in Ottawa and the other in London. Under the circumstances the lack of co-ordination between the departments and the ill-considered and conflicting Orders-in-Council which emanate from Cabinet sessions from time to time are not at all surprising.

But this only skims the surface of Canada's executive officialdom. We have boards and commissions galore. It is not enough that we should have a Minister of Trade and Commerce with a numerous staff of permanent officers and representatives in various parts of the world. We also have a War Trade Board, a Trade Commission in Canada, a Trade Mission in London and we are going to send an Economic Mission to Siberia. We have a Director-General of Repatriation and Employment and a number of odds and ends in the form of boards and commissions all of which we cannot recall at this moment, not forgetting Director of Public Safety, Paper Commissioner and Publicity Commissioner. Indeed there are so many cooks brewing the Canadian broth that it would be a miracle if they did not make a mess of it.

HOME LESSONS.

The local school authorities and teachers are of the opinion that the proposal that home lessons for pupils should be published daily in the newspapers during the period the schools are closed is impracticable from their point of view, and the impracticability ought to be apparent to everyone on a moment's reflection.

The setting of homework without checking the results would be largely a waste of time and the proportion of parents who, for various reasons, would be able to take the places of the teachers in this respect would be relatively small. The teachers must keep in touch with the progress made by the pupils in each lesson given out or very little will be done.

Moreover, even if it were practicable from the standpoint of the teachers and pupils it would be impracticable from that of the press unless the daily instalments were restricted to a comparatively small space, and this, in view of the number and variety of the lessons that should be given, would be impossible.

The plan proposed by the teachers themselves is much the better way, as might have been expected from the fact that they know their own business best. It is that the classes receive their homework in fifteen-minute daily meetings with their teachers on the school-grounds and submit the results in the same way. By this means the teachers would be kept in touch with the progress of the pupils in each lesson while the pupils would benefit from the daily checking up of their work. Whether this plan will be carried out or not will depend upon the decision of the Medical Health Officer, but it strikes us as the most practical expedient suggested and one which would be attended with less risk to the children's health than any other arrangement.

THE FACT THAT REMAINS.

(Seattle Post-Intelligencer.)

After all is said about our gallant armies, after all our praise and thanks have been bestowed on them, the fact still remains that it was British and allied sea power that won the war. The great, silent navy that lurked in the foggy fastness of the North Sea slowly, silently and surely strangled the German military machine to death. Just as British naval power undid Napoleon, though he visibly fell at Waterloo, so did British naval power, aided by the navies of France, Italy, the United States and Japan, undo the Kaiser, though he began visibly to fail on the Marne.

The sea controls the land to-day as it did a hundred years ago, as it did when Rome rose and Carthage fell, and any league of nations that proposes to guarantee the peace of the world must have at its disposal an adequate navy to enforce its judgments. That is the dominant fear of Germany when she voices a demand for "freedom of the sea"; Germany wants not the mare liberum that has existed for 200 years, whereby in times of peace ships sailed the seas unhampered, but a freedom of the seas in times of war, so that war may be reduced to a series of land operations, at which Germany, as the largest ethnic group in Europe, has every chance to excel.

AN OBJECT LESSON.

(Christian Science Monitor.)

The adults in the communities of the Rhine district stayed indoors while the United States troops were marching through. The children, however, could not be kept in altogether. This is the important fact. It will be well for Germany if the children of that country shall remember what they saw.

TRAGEDY OCCURS ON INDIAN RESERVE

Notice of Murder at Kamloops Reaches Provincial Police

An Indian murder on the Kamloops Reserve was this morning reported to the headquarters of the Provincial Police here. No details of the affair are contained in the message, but it is stated that proper measures have been taken among the natives. The Indian alleged to have done his wife to death has been put under arrest.

The wire to the Provincial Police from Constable George H. Adam, dated to-day, reads as follows: "Aneas Alphonse murdered wife on Kamloops Reserve to-day. Have Indians well organized. Have been on the ground with Dominion Police. Am returning for an all-night patrol. Will wire results."

A second telegram says: "Now have Aneas under arrest for murder of his wife."

SEVERAL MEETINGS IN SAANICH ELECTION

Ratepayers Will Have Plenty of opportunity to Hear Candidates

Saanich electors are at this season of the year given ample opportunity to hear the view of prospective candidates for office, and this month there are again many such occasions prior to the poll on January 18.

Customarily the Council sets dates within the two weeks before the poll for a formal meeting in each ward. Owing to the fact that the Council will not be in session until Saturday, and then there will only remain five available days for meetings, some of the ward ratepayers' associations have planned gatherings. Two or three have already been held.

The following ward meetings are announced for to-morrow night: Ward Four, Strawberry Vale Hall; Ward Six, Temperance Hall, East Road; Ward Seven, Tillicum School.

RELEASED FROM GERMANY

Leslie Gordon Scott Was One of First Contingent Men

After being interned in Germany since April, 1915, Leslie Gordon Scott, according to information received by Mrs. G. H. Scott, Albina Street, has been released, and is now in England. He is a brother of Sergeant Scott, who was killed in action recently. Mr. Scott is one of the many men whom Victoria supplied for the First Contingent, and was taken prisoner along with other Victorians when the Germans sent over the gas at the Second Battle of Ypres. The late Sergeant Scott was his only brother.

TO ENTERTAIN TOMORROW

Prairie Club Will Be Hosts at Club Rooms for Western Visitors

The Prairie Club will entertain prairie residents and visitors of this city to-morrow in the club rooms 408-9-10 Union Bank Building. The club extends a cordial invitation. A splendid vocal and instrumental programme is prepared.

Progressive 500 will begin at 8.30 o'clock. No charge is made.

FUNERAL TO-DAY OF THEODORE ROOSOEVELT

(Continued from page 1.)

Frederick Coudert, Major and Mrs. August Belmont, Otto H. Kahn, Ogden M. Reid, Frank A. Munsey, Col. Henry L. Stimson, Owen Wister, Mr. and Mrs. Wm. Loeb and Mr. and Mrs. George B. Cortelyou.

At Washington

Washington, Jan. 8.—Washington to-day mourned the death of Colonel Roosevelt. While the funeral of the former President was being conducted in Oyster Bay, Government activities ceased in so far as possible.

Flags were at half-mast to-day and will remain so for thirty days in accordance with the proclamation issued yesterday by President Wilson. The Senate, over which Col. Roosevelt was the presiding officer for a short time before becoming President, stood adjourned. The House met only for a brief session.

Representatives of the different branches of the Government left Washington last night to attend the funeral.

Although under an Act passed in 1893 it was not possible to order the various Government Departments closed, work was reduced to a minimum during the services at Oyster Bay.

A Monument.

Oyster Bay, N. Y., Jan. 8.—A movement to erect a monument here to commemorate the life and work of Theodore Roosevelt has ben inaugurated. It was said the movement may be extended to become nation-wide if it seems to meet with public approval.

Clemenceau's Condolences.

Paris, Jan. 8.—Premier Clemenceau sent the following cablegram to Mrs. Roosevelt to-day:

"On my return to Paris I have learned with profound regret of the death of Colonel Roosevelt. France loses in him an excellent friend. Always animated by generous ardor, he showed his sympathy for her on every occasion. He was proud to give his sons in the Allied cause and to thus contribute to the triumph of Right. I will keep in faithful remembrance the amicable relations I had with him.

"I beg you, Madame, to accept the expression of my deepest condolences.

(Signed) "CLEMENCEAU."

Mrs. Simpson Returns to Town.—Mrs. George Simpson has returned from a trip to Seattle and to-night will resume her classes at the Hippodrome Hall, to be followed by a little social dance from 8 till 11 o'clock.

DRAGNET SPREAD TO TRAP BANDITS

Vancouver Police Force Is Augmented to Protect Citizens

Vancouver, B.C., Jan. 8.—Determined that nothing should be left undone to protect the citizens and capture the hold-up artists who have been so busy in the city of late, Mayor Gale, as chairman of the Police Commission, gave orders to the chief of police last evening to put on twenty additional men in plain clothes to patrol the residential sections of the city and pay especial attention to suspicious-looking motor cars.

In addition to this the Mayor requested the chief to have all available men off shift called out again for special duty last night so as to spread a police dragnet pretty well over the city. All available motor-cycle cops, both day and night men, were also ordered out last night for patrol duty with instructions to follow any motor cars regarding which they had any doubts.

Gang of Youths

Referring to the daring hold-ups of late, the Mayor says the police heads had every reason to believe that they had been the work of a gang of six daring youths, four of whom were already in custody and the remaining two doing still more daring hold-ups, covering considerable territory by means of stolen motor cars. His Worship expressed the hope that when these youthful desperadoes were caught—which he felt confident would be soon—that they would be meted out the same drastic penalty which had so effectually put a stop to the epidemic of hold-ups that had been experienced in the city some six years ago. On that occasion after a couple of the hold-up artists were captured and given ten-year terms as well as the lash, there had been a sudden and complete cessation of such affairs.

GREAT WAR VETERANS IN ANNUAL MEETING

Many Matters of Importance Are Dealt With Last Night

At the first annual meeting of the Victoria branch of the Great War Veterans' Association last night, President Ault called upon all the organization's membership to remember that the duty which lay before it was a sacred one to the men who had already returned and to the thousands who would soon be crossing the Atlantic.

He was of the opinion that the chief enemy of the G.W.V.A. was the politician and for that reason he urged upon each member the necessity to be on his guard and to expose any attempt on the part of the politician should political influence be exerted in the ranks of the G.W.V.A.

First "Comrade Sister"

Twenty-nine new members were initiated at last night's meeting among whom was Nursing Sister Pugh, the first initiate "Comrade Sister" to be admitted to the ranks of the organization. Sister Pugh wears the returned soldiers' button as mute evidence of her service in the fighting zone in France.

Among other correspondence dealt with was a letter of resignation from Secretary Heineky in which he declared that his inability to carry out the secretarial duties to his own liking had governed his action. Comrade Heinekey's popularity was reflected in the unstinted eulogy expressed by President Ault, Comrade Grove and Comrade Webb, their sentiments being enthusiastically endorsed by the assembled members. Until a new secretary has been appointed the retiring official will keep the wheels moving and instruct a successor in his duties.

Other Matters

To the meeting scheduled to take place at the rooms of the Comrades of the Great War on Tuesday next for the purpose of again delving into the subject of the Children's Home at the corner of Hillside Avenue and Douglas Street, Comrades Paterson, Groves, Palmer and Hart were chosen to represent the G.W.V.A. as a committee of four. Comrade Paterson reported "for the satisfaction of the meeting" that there was not an orphan in the children's home alluded to. He had been there yesterday and had investigated the matter for himself.

The subject of a pageant for Victoria Day to be staged by the G.W.V.A. was explained by Secretary Heinekey and twelve selected members will report to the next general meeting. The welcoming of the heroes returning to this port by the all sea route on the Empress of Asia was also taken up.

Warm Down Comforters

Ideal For These Cool Nights

There is nothing better in the way of bedding than a good Down Comforter. It is delightfully warm without the weight of blankets.

We are showing a broad range of patterns and colorings in an extra quality Down Quilt that will give you years of real comfort and satisfaction.

These Quilts look nice on the bed—they feel nice on a cold night and they are economical these days of high prices for blankets.

Come in and get yours to-day.

We also have a big stock of Cotton Filled Comforters if you are looking for something lower in price. The values in these are unbeatable.

IMPORTANT MATTERS

Will Be Discussed at Board of Trade Quarterly Meeting

Business of great importance will be discussed at the quarterly meeting of the Victoria Board of Trade to be held on Friday at 3 o'clock.

In the first place the meeting will consider the proposed alterations of the Board of Trade building, it having been suggested that the entrance should be renovated; that the corridors should be painted in more attractive fashion; that the main stairs should be shifted in order to improve the approach to the elevator and ground floor offices; that the lighting system should be improved by the installation of windows on the east side of the building, and that the roof should be repaired. Should these proposals be carried out it is suggested that the Board of Trade should retain the present premises on the top floor and secure front offices on the ground floor.

The proposed establishment of a port authority in Victoria, with the idea of promoting after-war trade, will also be considered.

Balance of Children's Warm Winter Coats to Clear, Thursday, at $10.00

Formerly Selling to $16.75

These garments were very closely priced originally, which makes them even greater bargains than they appear. There's quite a variety of models grouped into this one-price offering and each garment is a most desirable quality and style.

There are Coats of popular curl cloth in shades of fawn, brown, green and navy. Others of navy blue chinchilla, with trimmings of brass buttons, and still others of good weight velour in dark green with fancy stitching on collars. Some models partly lined, others fully lined, but each is a warm, serviceable grade for late winter wear.

Sizes to fit girls 8 to 14 years, but not all sizes in each different style—so shop early for first and best selection.

Thursday at **$10.00**

End of Season's Disposal of All French Models

Also Balance of High-Grade Ready-to-Wear

An event we usually launch at this time of the year, and it is one that very many of our patrons look forward to as bringing within their purse-reach some of the season's best and most expensive Gowns.

We will not attempt a description of the many models involved for they are mostly novelties and there are no two alike. But be it understood that the French Gowns are by the leading Parisian masters, viz.:

Premit—Bernard—Jeanne Lanvin—Louise—Doeullet and others.

While novel in appearance, each garment is practical and serviceable for present and early spring wear.

The Domestic Garments are all high-grade and tailored from the best materials and trimmings.

There are Suits, Coats, Coat Dresses and Frocks all represented in the following reduced prices:

$25.00, $35.00, $45.00, $75.00

The French models are included in the two higher prices. On sale Thursday.

—Mantles, First Floor, Broad

Thompson's $1.75 Glove-Fitting Corsets—$1.25

A BEDTIME STORY

UNCLE WIGGILY GOES SKATING

Copyright, 1918, by McClure Newspaper Syndicate. (By Howard R. Garis.)

Uncle Wiggily Longears, and Nurse Jane Fuzzy Wuzzy, his muskrat lady housekeeper, started out from their hollow stump bungalow one day, and paid a visit to Mrs. Twistytail, the piggie lady.

"I have something nice to show you," said Mrs. Twistytail, as she let them in. "It's the cutest little baby pig you ever saw."

"Whose is it?" asked Nurse Jane.

"Mine, of course," answered Mrs. Twistytail, "and her name is Squeakie. I named her after Squeakie-Eakie, the little cousin mouse of Jollie and Jillie Longtail. And really my piggie baby has a very squeaky voice, but she may get over it. Come and look at her."

So Nurse Jane and Uncle Wiggily looked at Baby Squeakie in her bed of nice, clean straw, and Uncle Wiggily asked:

"Can she talk yet?"

"The idea! Of course not! Isn't that just like a rabbit man?" cried Nurse Jane to Mrs. Twistytail with a laugh. Then the muskrat lady clapped the legs of the piggie baby together and she sang a little verse:

"Patty-cake! Patty-cake! Baker-man
Bake me a cake as fast as you can.
Pit it and pat it and mark it with 'S.'
Will Squeakie eat it? I should say yes!"

"We ought to have a patty-cake for little Squeakie," said Uncle Wiggily.

"That's so, we ought, and I'll bake her one," spoke Nurse Jane. "Come on, Wiggie. We'll go to the hollow stump bungalow and I'll get out the patty-cake tins and bake some nice little cakes for Baby Squeakie Twistytail."

"That will be fine!" cried the bunny uncle with a twinkle of his pink nose.

But, when Uncle Wiggily and Nurse Jane reached the bungalow the muskrat lady found that all her patty-cake tins were so old and full of holes—not having been used in a long while—that they would never do for baking cakes in.

"I'll have to have some new shiny patty-cake tins from the five and ten cent store," she said to Uncle Wiggily.

"I'll go get them for you," offered Uncle Wiggily. "Then you can bake some cakes for Squeakie."

Off to the five and ten cent store hurried Uncle Wiggily. On the way he saw Jackie and Peetie Bow Wow, the puppy dog boys, skating on the ice of the frozen duck pond.

"Come on, Uncle Wiggily!" cried Jackie and Peetie. "Come and skate with us!"

"Not now," answered the bunny. "I have to go to the store to get some patty-cake tins for Nurse Jane. She is going to bake a cake for Squeakie, the piggie baby."

On and on, over the fields and through the woods hurried Uncle Wiggily, thinking what fun it would be to go skating later on. He bought the little round crinky-edged patty-cake tins at the five and ten cent store, and then he hurried back to the hollow stump bungalow.

He was about half-way there, and he was thinking about skating on the ice, and what a good cook Nurse Jane was and all that, when, suddenly, out from behind a prune tree sprang the bad old Skeezicks.

"Ah, ha and Oh, ho!" cried the Skeezicks. "At last I have caught you, Uncle Wiggily! I'll get some souse off your ears sure, and you can't get away from me as you did from the Pipsisewah as you haven't any ironing board to slide down hill."

"That is true," sadly said the bunny uncle. "I haven't any ironing board now. All I have are some little round shiny patty-cake tins."

"And you can't slide down hill in them and get away from me!" laughed the Skeezicks.

"No, I can't slide down hills in them," said Uncle Wiggily, stil more sadly.

"Then I think sure I have caught you," went on the Skeezicks. "You can't slide down hill and get away, so you had better come with me. Your patty-cake tins will not save you this time."

"No, the tins will not save me by turning into a sled, so I can slide down hill!" said Uncle Wiggily slowly, "but maybe I can put two of the smooth, shiny tins on my paws and skate fast and far away from you over the frozen ice of the duck pond ocean. That's what I'll do!"

Then before the Skeezicks could stop him, Uncle Wiggily put a patty-cake tin on his first paw, and another on his second, and then, being near the pond, he suddenly began to skate over it and away from the Skeezicks. And the ice was so slippery that the Skeezicks, not even having patty-cake tin skates on his feet, couldn't stand up. So he gave a big howl and ran home to his den, and Uncle Wiggily got to his hollow stump bungalow safely, and Nurse Jane baked the cakes for Baby Squeakie, who liked them very much.

So, everything turned out for the best, you see, and if the football doesn't try to hide in the baby's shoe where the rubber boot can't find it to play tag with, I'll tell you next about Uncle Wiggily and the dancing bear.

IN WOMAN'S DOMAIN

SOCIAL AND PERSONAL

Mrs. R. H. Oakley, of Kamloops, is in the city visiting her daughter, Mrs. C. H. Mason, of 2275 Woodburn Crescent, Oak Bay.

☆ ☆ ☆

On Monday, January 6, the marriage was quietly solemnized at the Bishop's Palace, View Street, of Miss Hilda Thorn, of Bolham, England, and John Edward Joseph Paine, third son of Mr. and Mrs. Fred Paine, 39 Ontario Street. The ceremony was performed by Rev. Father Leterme, in the presence of a few intimate friends. The bride was attended by Mrs. Paine, mother of the groom, while Robert Irvine, of Quebec Street, supported the groom. The young couple will make their home at 39 Ontario Street.

☆ ☆ ☆

Miss Crease returned to the city this morning from Vancouver, where she attended the annual meeting of the Vancouver Local Council of Women. In the course of her brief address Miss Crease, as President of the Victoria Council, conveyed the greetings of the Victoria members, and gave a resume of the work of the Victoria body. Mrs. R. S. Day also attended the meeting in the capacity of members of the Provincial Executive.

☆ ☆ ☆

Mrs. Raymond R. Frazier and Mrs. Frederick C. Johnstone, of Seattle have been spending a few days in the city, and expect to return to the Sound city to-morrow.

☆ ☆ ☆

Among the occupations for which the British Government is preparing to train war widows, are dressmaking of all kinds, the higher branches of laundry work, piano making, general nursing, instructresses in swimming and gymnastics in day and boarding schools, sanitary inspection, infant welfare work and school teaching. During the training course, which in most cases will extend over a period of about three months, the widows will be allowed a small maintenance allowance in addition to their regular pensions and children's allowance.

☆ ☆ ☆

Lieut.-Commander C. G. Guy has gone over to Vancouver and is a guest at the Vancouver Hotel for a few days.

☆ ☆ ☆

Mrs. L. W. Bick has returned to her home in this city after a holiday visit to Vancouver. While in the Mainland city Mrs. Bick sang at the dinner and entertainment given by the Elks for the patients at the Marpole Annex of the General Hospital.

☆ ☆ ☆

Miss Rough, daughter of a C. I. M. missionary, who has been in training in Toronto, is in the city, en route for China, where she is about to begin her life work as a missionary. Miss Rough, who is the guest of Mr. and Mrs. John Ross, 422 Edward Street, will give a parting message at 7.30 to-night at St. Paul's Presbyterian Church, Victoria West. She will sail tomorrow on the Suwa Maru.

☆ ☆ ☆

The Victoria Ladies' Musical Club have arranged to hold their usual monthly tea in the Empress Hotel on Saturday afternoon next, commencing at 3 o'clock. The committee in charge have exerted every effort to make the event an enjoyable one for the many members of the club and a large attendance is anticipated.

☆ ☆ ☆

Mrs. Holmes has gone over to Vancouver and is visiting her daughter, Mrs. A. E. Stuud, at Shaughnessy Heights for a few days.

☆ ☆ ☆

Mayor Harold Fisher, who has just been re-elected to the Mayoralty of Ottawa by a huge majority, is well-known in this city, he having taken an active part in the Canadian Unin of Municipalities' Convention held here in July last.

Returned soldiers political meeting to-night at 8 p. m., Belmont Building. All ex-service men should attend.

ELECTORS TO DECIDE HOLIDAY QUESTION

Matter Put to Referendum; Council Discusses New Cemetery By-law

At a special meeting of the City Council last night, which was held for the purpose of making final arrangements for submitting the half-holiday plebiscite to the electors at the election on January 16, there was considerable discussion respecting the new cemetery by-law for the purchase of the Tod 95-acre tract. The debate followed the same lines as discussions at recent meetings.

It is many weeks since the representatives of Victoria and the various municipalities came to the conclusion that as there was room in the Ross Bay cemetery for only about 200 more graves, they were confronted with the necessity of obtaining a new site. It became therefore a question of choosing the most desirable and suitable location for the convenience of all.

It was decided that as Victoria should have control and ownership of the cemetery, the city would purchase the site. All details in connection with the participation of other municipalities, military, church and organizations should be worked out later, the committee in the meantime to investigate and report on the sites submitted.

This course was taken and the Tod property was recommended and approved by the Council as the most suitable site available, the report of the City Engineer having been taken into account before deciding to submit this site for the approval or rejection of the ratepayers. Full details of the Tod site have been published in The Times.

Last night some of the aldermen were of the opinion that sufficient data had not been submitted to the public to enable them to vote intelligently on the question, and a committee was therefore appointed to gather information for publication for the benefit of the ratepayers.

The WEATHER

Daily Bulletin Furnished by the Victoria Meteorological Department.

Victoria, Jan. 8.—5 a. m.—The barometer is falling on the Coast, accompanied by easterly to southerly gales, and these may extend to the Gulf and Sound. BAN IS LIFTED AND SCHOOLS TO RE-OPEN

Provincial Board Met Medical Officers To-day; Influenza Increasing

Removal of the ban from the schools of Victoria, Oak Bay, Saanich and Esquimalt was decided at a meeting of the Medical Health Officers at the Parliament Buildings this morning. The decision announced by Dr. H. E. Young, Secretary of the Provincial Board of Health, was reached after a complete and exhaustive discussion of the whole of the circumstances surrounding the Spanish influenza epidemic locally.

Attendance Would Affect It.

Dr. Young states, however, that although the schools are to re-open there is a proviso in connection with the percentage of attendance. The school authorities are almost unanimously in favor of maintaining the ban and in view of the fact that attendance had fallen off by nearly fifty per cent. the state of the epidemic would not be the only factor in determining a new closure order. Should the attendance drop off still more, and should sickness among the teaching staff increase the present disrption occasioned by the combination of conditions there would be no alternative but to apply the closing order.

Warning to Parents.

The Several Medical Health Officers present at this morning's gathering came to the conclusion that parents should be advised to keep their children away from all kinds of public assembly. While the death rate prevalent during this second wave, and its particular attack on the younger generation, has been considerably less than hitherto, there was unmistakable evidence presented to the Provincial Board that the epidemic is on the increase.

As well as Dr. H. E. Young, there were present this morning Dr. Underhill, Medical Health Officer for the City of Vancouver; Dr. A. G. Price, Medical Health Officer for the City of Victoria; and Drs. Book, Walker and Vye, representing Esquimalt, Oak Bay and Saanich in the same capacities.

IN SUPREME COURT

Action Is Begun Over Highway Rights in North Cowichan

The trial of Attorney-General vs. Clifton was begun in the Supreme Court this morning before Mr. Justice Gregory. The action is brought by the Attorney-General at the instance of the Municipality of North Cowichan, claiming that an old municipal highway through Swallowfield Farm was obstructed by Captain Clifton, the owner of the property.

The action involves the consideration of the by-law passed by the municipality in 1898 and the use of the road from that time to the present. The plaintiff ask for a decision of the Court that Capt. Clifton wrongfully obstructed the road and for an injunction. F. A. McDiarmid is appearing for the plaintiff, and H. A. Maclean, K.C., for the defendant.

RED CROSS WORK

Gorge Branch.

A meeting of the branch was held on Tuesday, January 7, in the absence of Mrs. Miller, Mrs. M. L. Butterfield, the acting convener, was in the chair.

The Treasurer's report showed a balance of $26.15 on hand. Owing to the absence of those members most interested in the winter card tournaments, no arrangements were able to be made to renew them.

The committee and those diligent workers who have done so much to keep the branch going, earnestly request that some more ladies will attend the roms, as there remains a great deal of work to be done, and the burden at present is falling on the few.

Fernwood Branch.

The committee of the Fernwood Red Cross have decided that for the present the workrooms on Gladstone Avenue will be open in the afternoons only from 1 to 5.30. It is requested that those workers accustomed to working in the mornings should come in the afternoons. The convener is particularly anxious for an increased number of workers for the next few months as there is considerable work in the rooms that must be finished up as soon as possible.

HEREDITY.

"Ever notice that Alice's hair is of several different shades?"

"Yes; it's due to heredity, I suppose. You know her father dealt in combination locks before she was born."

DELEGATION ASKING FOR HOSPITAL HELP

Kamloops Hospital Board Waits on Hon. J. D. MacLean

To place before the Hon. J. D. MacLean, Minister of Education and Provincial Secretary, the needs of the Royal Inland Hospital at Kamloops, a delegation comprising N. S. Diagleish, S. C. Burton, F. Carr and J. T. Robinson, members of the Hospital Board, will wait upon the Minister this afternoon.

During the recent Spanish influenza epidemic Kamloops was very seriously affected and it became necessary to open two emergency hospitals in order to cope with the acute circumstances. The difficulty, however, is not altogether in respect of the city itself but is mainly due to the heavy demands made upon the institution from an extremely scattered neighborhood.

Because it was necessary for the Royal Inland Hospital to open its doors to all and sundry from points up to a hundred miles distant during the recent scourge, the local situation was very considerably endangered. And it is for the reason that the institution desires to be in a position to fulfil its mission effectively that the delegation is anxious for a sympathetic and practical reply from the Government.

F. W. Anderson, Member for Kamloops, who has just returned to his constituency from military exercises in the East, will introduce the delegation.

OBITUARY RECORD

The funeral took place this morning, accompanied by full military honors, of Frederick Louis Hollett. Service was held at the Sands Funeral Chapel by Rev. W. Baugh-Allen of Esquimalt. The pallbearers were Ptes. R. J. Colter, P. Baker, J. Fox, J. Saunders, J. H. Cruickshank, and J. Steward.

The death occurred at the family residence, 1704 Haultain Street, yesterday of Florence Knight, aged 31 years, eldest daughter of Mr. and Mrs. Thomas Knight. Miss Knight was born at Horsham, Sussex, and had been a resident of this city for the past eight years. She is survived by her parents, a sister, Ellen, two brothers, Arthur and Thomas, all of this city, and two brothers, Harry and Bert, overseas. The funeral will take place on Saturday at 2 o'clock from the Sands Funeral Chapel. Rev. D. Smith will officiate.

The death took place Monday at the Royal Jubilee Hospital of Edward Clunnery, aged 84 years. He was born in England and had been a resident of Saanich for the past twenty-nine years. The funeral will take place tomorrow afternoon at 2 o'clock from the Sands Funeral Chapel.

The remains of the late Albert Edward Reynolds were laid to rest at Ross Bay Cemetery yesterday afternoon, a large concourse of friends attending the obsequies. The floral tributes were very numerous. The Salvation Army Band, of which deceased had been a member for the past twenty-five years, was in attendance. The funeral took place from the Salvation Army Citadel at 2 o'clock, services being taken by Commandant N. Haynes. The pallbearers were A. Manson and E. Carloy, representing the Foresters' Lodge; R. Eccles and E. Ealing, representing the Salvation Army, and B. Michelin and Robert Aiken, representing the Shipbuilders' Union.

The funeral of Yeau Tue took place yesterday afternoon from the Thomson Funeral Chapel at two o'clock. Interment was made in the Chinese cemetery.

The death occurred last evening at his residence, 1026 Yates Street, of John Thomas Bland, aged 57 years. He was a native of England, and had been a resident here for the past six months, formerly a resident of Saskatoon. He is survived by his widow and seven children, one son, William, lately returned from overseas. Mr. Bland was a member of the Sons of England. The funeral will take place from the Thomson Funeral Chapel on Saturday at two o'clock. Interment will be at Ross Bay cemetery.

The funeral of Patrick Roche took place Tuesday afternoon from the Thomson Funeral Chapel at 2.30, Rev. W. Stevenson officiating and was largely attended. The many beautiful flowers which covered the casket showed the esteem in which Mr. Roche was held by his many friends. Among the floral pieces was a large anchor from the wireless operators of the B.C. Radio Telegraph service and a large cross from the office staff of the wireless workshop. The hymns sung were "Nearer, My God, to Thee," and "Rock of Ages." The pall bearers were J. O. Taylor, L. W. Stephenson, J. Darbyshire and L. Larson. Interment was made at Ross Bay cemetery.

The funeral of Mrs. Amelia Rawlins Burney, wife of Geo. W. Burney, of 130 Joseph Street, took place yesterday at 1.15 p.m. from the B. C. Funeral Chapel, where service was conducted by the Rev. Dr. Maclean. There was a large attendance of friends and many beautiful floral tributes covered the casket. The following acted as pallbearers: D. S. Mowat, O. R. Saunders, G. S. McTavish, R. R. Taylor, F. R. Lovell and F. C. Mulliner.

The funeral of the late Nelson F. Ockenden took place yesterday from the B. C. Funeral Chapel, where service was conducted by the Rev. W. Baugh-Allen. There was a very large attendance and the floral offering was very beautiful. United Service Lodge No. 24, A., F. & A. M., of Esquimalt, attended in a body, also a large delegation from the Sons of St. George. At the cemetery the Masonic servicec was condicted by WM. G. H. Llewellyn. The following members of the Masonic Lodge acted as pallbearers: F. Morran, W. Angus, W. Gay, J. D. Mitchell, S. Reiffell and T. Hommett. Interment was made in the family plot at Ross Bay cemetery.

The funeral of Leona Nelson took place yesterday afternoon at 3.30 o'clock from the Sands Funeral Chapel, Rev. Dr. W. L. Clay officiating. The following acted as pallbearers: C. Trace, G. W. Smith, J. Bensel and J. Hoscamp.

The funeral of the late John L. Hangi will be held on Friday at 2 p.m. from the B. C. Funeral Chapel. Interment at Ross Bay Cemetery.

INFLAMMATORY RHEUMATISM PERMANENTLY CURED

NEW BRUNSWICK LADY GIVES FULL PARTICULARS OF HER RECOVERY.

There are many types of rheumatism, but none worse than inflammatory.

It was this kind that almost killed Mrs. Edw. Warman, of Kent Jct., N.B. Every known remedy she tried, different doctors gave their advice, but the disease increased.

Weak and despairing, she was at her wits' end when the remarkable cure of Thos. Cullen was published. This gentleman was cured of rheumatism by "Ferrozone." Consequently Mrs. Warman used the same remedy. Here is her statement:

"For five years I have been rheumatic. I tried various forms of relief without success. The disease increased, settled in my joints and muscles; these swelled, caused excruciating pain and kept me from sleeping. My limbs and arms stiffened, my shoulders were lame and prevented me from working. Week by week I was losing strength and despaired of finding a cure. It was a happy day I heard of Ferrozone. Every day I took Ferrozone I felt better; it eased the painful joints, gave me energy and a feeling of new life. Ferrozone cured my rheumatism, cured it so that not an ache has ever returned. Even damp weather no longer affects me."

Ferrozone has power to destroy Uric Acid, neutralize and enrich the blood, and therefore does cure the worst cases. Mrs. Warman's statement proves this.

By removing the cause of the disease and building up a reserve of energy, Ferrozone is certain to cure. Sufferer, isn't it about time to stop experimenting? Ferrozone is a CURE, order to-day, 50c. per box, or six for $2.50, sold by all dealers or direct from The Catarrhozone Co., Kingston, Ont.

AGAIN CHAMPION SAILORS' CAUSE

New War Gratuities Not Just to Sailor, Say Army and Navy Veterans

After debating the question for some time last evening at the meeting of the Executive of the Army and Navy Veterans, the members decided to send a protest to the Department of Naval Service against clauses in the new war gratuity orders which they claimed were unfair on the sailor.

It was pointed out that under the new regulations the only naval men entitled to receive the full six months' war gratuity would be the men in the Royal Canadian Navy Volunteer Reserve in the overseas division, which was attached to the Imperial Navy. Regarding the six months continuous overseas service in a sea-going ship which was demanded, Secretary H. J. Yound reported that they had already taken that matter up with the Naval Department, who had agreed to the substitution of six months' service in the aggregate. Now, however, there is another ruling which affects the men. Many have had four months' service in the Rainbow, and then served on the Malaspina and Galiano. These ships, however, were not rated as sea-going vessels, and their service on them would not entitle them to the full gratuity. The Secretary has written a letter to the Department for a definition of the term "overseas," and making representations for the Malaspina and the Galiano, and also the Patrol Ships of the Atlantic coast to be included in the same category as the Rainbow in cases where the war gratuity applies.

The New Quarters.

The new quarters of the Association in the Pemberton Building will be opened on Saturday, January 18, by the President, Captain E. H. Martin, C. M. G., R. N. It is planned to have an enjoyable social gathering to mark the event, with the members of the Ladies' Auxiliary making the arrangements for the entertainment.

Service Evaders.

A resolution was passed to be sent to the Dominion Government, Frank Gioima, M.P.P.-elect, and the other service organizations of the city in which the Association went on record as being in favor of the confiscation of records of pre-emption held by men who had evaded the Military Service Act. The motion was passed after an address by Comrade T. Birch, M.M. Mr. Birch had previously spoken on the Mennonite question, following a trip in the northern part of the country. Another resolution passed regarding the land question was one in which the Association expressed its opinion that the Land Settlement Board of British Columbia should not sell land to any other than British residents. Mr. Kitchen, Provincial Vice-President, reported that the Land Settlement Board had resolved that a member of each of the service organizations should sit on the Board. Mr. Young was nominated as a member of the Board for the Army and Navy Veterans.

Annual Meeting To-morrow.

An appeal for a full attendance of members was made for the annual general meeting to be held to-morrow evening in the Belmont Building, when the report, and treasurer's statement for the year, will be presented and officers elected.

MONDAY'S DANCE

Army and Navy Veterans Women's Auxiliary Plan Social Event at Alexandra Club

Preparations for the next of the series of club dances was the principal business discussed at the meeting of the Ladies' Auxiliary to the Army and Navy Veterans yesterday afternoon, Mrs. A. E. Hodgins, the President, in the chair. The success attendance upon the first dance held recently has encouraged the members to continue these functions, and the next will be at the Alexandra Club on Monday evening next.

Announcement was made that the band of H. M. S. Lancaster had kindly offered its services for the occasion, so that intending patrons will be assured of excellent music. A special committee of ladies have undertaken the matter of refreshments, and many generous offers were made at yesterday's meeting.

A number of naval and military representatives have already signified their intention of attending the function, which promises to be one of the jolliest affairs of the season.

Court of Appeals.—The case of Rex vs. Nevison was heard before the Court of Appeal yesterday and judgment reserved. Yukon Gold Co. vs. Canadian Klondyke Power Co., an appeal from County Court Judge Macaulay, of Dawson, Y. T., was begun this morning and occupied the whole day.

☆ ☆ ☆

Fined for Speeding.—For driving a motorcycle in excess of the speed limit, M. Grice was fined $15 by Magistrate Jay in the Police Court this morning.

☆ ☆ ☆

Is Fined.—A. Knapsett was fined $10 by Magistrate Jay in the Police Court this morning for driving an automobile without headlights.

ROYAL VICTORIA

World-famed as the producer of stupendous motion picture spectacles, David Wark Griffith is responsible for many of the most celebrated cinema triumphs known to the motion picture art. Without attempting to give a complete list of Mr. Griffith's picture productions, mention must be made of "The Birth of a Nation," "Intolerance" and his wonderful war picture, "Hearts of the World," which was recently presented in New York with enormous success. In all of these tremendous photoplays Mr. Griffith has evidenced that remarkable directorial talent which has made his productions so uniformly massive, instructive and entertaining and which are recognized as examplars of the highest in cinema art. In "The Great Love," which is the attraction at the Royal Victoria for four days commencing to-day, Mr. Griffith shows the marvellous transformation which the social structure of England is undergoing as a result of the war, and coupled with this process is a fascinating love story which makes this production one of the most remarkable in point of attractiveness, ever produced anywhere. Mr. Griffith's sensational departures in photoplay productions are a part of cinema history and the mention of his name in connection with any screen offering inavriably excites high anticipation for something new and ponderous in the way of advanced technique. None who sees "The Great Love" will be disappointed in Mr. Griffith's latest achievement.

PANTAGES

Nothing could be more convincing in the way of a vaudeville sketch than the presentation of Porter J. White and his talented company at the Pantages Theatre this week. Mr. White is an actor of the old school, who is well known in the realms of the stage for his remarkable character delineations. He gives ne of them in his present sketch, "The Visitor," and it is drawn to a nicety. The little play, which was written especially for Mr. White, is in itself exceedingly effective and only reveals the trend of the plot at the last moments of the offering.

This week's bill of Panhages vaudeville is particularly well balanced, and entertaining throughout. The headline feature is an animal act of the best class providing a liberal addition to the element of fun on the programme. Much of the credit fr this is due to the riot of laughter caused by the antics of the would-be riders of "Sunny Jim," the bucking mule of Hill's Comedy Circus.

VARIETY

Eliza crossing the ice had nothing on Bryant Washburn during the filming of a scene in his current Essanay feature, "Skinner's Dress Suit," showing at the Variety Theatre to-day. The screen star had to rush across Michigan Avenue, Chicago, in an attempt to board an Illinois Central train. It had sleeted the night before and the pavement was a solid mass of ice. Mr. Washburn slipped and fell directly in front of an approaching taxicab. The chaffeur jammed down the emergency brakes and the car slid to a halt within a foot of Mr. Washburn's prostrate body. Another try, however, and the scene was filmed.

ROMANO

Whether Bryant Washburn picks his own heroines or not, no one seems prepared to say. But he picks good ones. In "The Ghost of the Rancho," the leading feminine role is handled with delightful expertness by Rhea Mitchell. Little Miss Mitchell comes to the screen with several years of experience in stock companies. She has a charming personality and in the new Pathe play starring the ingenuous young Washburn she has ample opportunity to afford her emotional powers full play. "The Ghost of the Rancho" is showing at the Romano Theatre today.

DOMINION

The question of divorce, the justification therefor, and the agencies that contribute toward the disruption of the domestic affairs of married people, forms the vital message old "Old Wives for New" which Cecil B. de Mille has produced for Artcraft and which will be shown at the Dominion again to night.

David Graham Phillips was unquestionally one of the most skilful of modern writers, and into his fabric he wove the threads of human life and destiny with a sure if somewhat callous touch. In other words he was a realist and his stories were of that school. "Old Wives for New" is a splendid example of Phillips at his best, and Jeanie Macpherson has constructed a wonderful picture from the material contained in the novel, it is said. Many notable players appear in the production

A very funny comedy and the latest news in films are also shown on the same programme.

PANTOMIME WILL BE SHOWN ON SATURDAY

"Old Woman Who Lived in A Shoe" at Princess Theatre

"The Old Woman Who Lived in a Shoe" has definitely decided to take up her abode in Victoria at the Princess Theatre on Saturday evening, January 11, and will be in residence for ten nights and one matinee.

Somewhat belated owing to unavoidable postponement of the proruction, the pantomime will nevertheless be warmly welcomed by the children of the city as well as the grown-ups, and with past memories of the pantomimes of previous years, it is expected that "The Old Woman" will add but another to the list of successes given by the Red Cross company.

Suffice it to say that Reginald Hincks, Miss Eva Hart, Miss Denise Harris, Capt. Craddock, Capt Hendy, A. M. D. Fairbairn and Oswald Barton are among thae taking principal parts—their names are a criterion of the excellence of the production. The box office is now open, and intending patrons are advised to make early application for seatsfi as already the demand for bookings has been very great.

Opening Performance Saturday, January 11, at 8 p.m.

And for Ten Nights and One Matinée.

PROCEEDS IN AID OF RED CROSS

WANT BIG RECEPTION FOR LARGE PARTY OF VETERANS RETURNING

Meeting Will Be Held on Thursday Night in City Hall to Make Plans

Seabrook Young, President of the Welcome Club, and Mayor Todd, both took occasion of the combined gathering of city organizations held last night to make an appeal for support to the movement to provide a rousing reception to the big party of veterans expected to arrive on the coast shortly. Within the next two weeks 1,300 men are expected back on the Empress of Asia, said the Mayor, and to talk over the plans for the reception to be given to the men a meeting will be held in the City Hall on Thursday night at 8 o'clock. A lot of tutomobiles would be wanted, he explained. They desired the co-operation of all the organizations of the city to express the city's appreciation of the men and to give them a hearty ovation as they stepped down the gang-plank at the C. P. R. wharf. An open invitation is extended to the meeting Thursday.

ZOELLNER QUARTET HERE MONDAY NEXT

A musical treat of a rare order is promised to Victorias in the recital to be given at the Empress Hotel on Monday evening by the Zollner Quartet. This string quartet is what may be termed a "family affair," and is composed of Joseph Zoellner, Sr., his daughter Antoinette, and his two sons, Joseph Jr., and Amandus. These artists have played in practically all of the European centres of art, and after many appearances at the Royal residence at Brussels were decorated by the mother of King Albert, of Belgium, then Countess of Flanders.

According to a critique appearing in The Boston Transcript, "The Zoellners were particularly sympathetic in rendering Debussy, and called up the spirit of Beethoven in a way that seldom happens. As an ensemble the quartet was exceptionally fine, ease of technic and sensitive subordination and emphasis of parts led them to work together as one. Mlle. Zoellner filled her place in the performance with great efficiency and extraordinary intelligence."

Tickets may be obtained, and the seats reserved at the Morris Music Store.

Burns Concert.—Rev. J. Gibson Inkster, who is to give a lecture on "The Songs and Poems of Robert Burns," at the annual Scottish concert of January 25, will illustrate his lecture with a series of slides which he is making from the illustrations furnished in an Edition de Luxe of the bard's works. These illustrations are reproductions of the paintings of such famous Scottish artists as Wingate, Herdman, Sir David Wilkie, R. Macaulay Stevenson and others, and their use should add considerably to an already-attractive subject.

YEARNING FOR HOME

Sir Arthur Currie's Message to the Victoria Board of Trade

At a meeting held at the Board of Trade Rooms last night the secretary read the following telegram from Sir Arthur Currie: "Please convey to the Victoria Board of Trade the grateful thanks of the Canadian Corps for your telegram of congratulation and accept our best wishes for the New Year. Our hearts are yearning for the home-coming.

The telegram was received in response to the following message signed by J. Kingham, President of the Board, "Victoria Board of Trade and your fellow citizens congratulate and thank you and your trustworthy men. Await with pleasurable anticipation your early return home."

TO PREPARE CITY FOR BIG ADVANCE

Amalgamation Scheme Goes Another Step Ahead at Meeting

The scheme for the amalgamation of the different public bodies working along the same lines as the Board of Trade was again under discussion last night at a meeting held at the Board of Trade Building under the chairmanship of ex-President James Forman. No action was taken beyond the passing of a resolution requesting each public organization to appoint two delegates to form a committee to draw up a plan and report to a general meeting.

Greater Board of Trade.

That a Greater Board of Trade formed the object to strive for, was the opinion expressed by some of the members. The co-operation of other bodies should be secured to attain this end without the other bodies losing any of their identity.

Mr. Forman stated there seemed to be an impression that the Board of Trade was on trial at this time, but such was not the case. After forty years of work they had completely justified their existence. There was also an impression abroad that the Board of Trade was in debt, but on the contrary there was a creditable balance in hand. It was a matter of regret that the senior men of the city did not take as much interest in the Board as they should do, but the Board had accomplished a great deal of work, much of which had not been put into the limelight, as it was often inadvisable to give publicity to work they were doing.

Must Have New Quarters.

Speaking as president of the Development Association, Alderman Andros said his association was only too willing to co-operate with anybody and everybody who would help them to carry out the functions they were organized to carry out. At present the association was practically dormant, although the young lady in charge was doing her best, and doing well. If the Board of Trade was to be run in conjunction with the Development Association it must be in quarters located in a prominent position of the city where the public passed. One idea of amalgamation was to lessen the cost. There were two secretaries new where one would be sufficient if they amalgamated.

Chambers of Commerce.

Mayor Todd apologized for the absence of Joshua Kingham, who was prevented from attending through sickness. The Mayor proceeded to express himself in favor of an organization along the lines of the Chambers of Commerce in the United States, singling out the one in Tacoma as a specimen. Speaking for the combination of forces of the different organizations in the city he suggested that the president of the Board of Trade should be the president of the suggested new organization.

T. B. Monk, of the Great War Veterans' Association, said although the War Veterans could not amalgamate they could promise their c-operation to an organization along the lines which had been mentioned.

Whether the Board of Trade was willing to amalgamate or not was the information they had to have, said Alderman Andros. If it was not let them say so and they could all shake hands and carry on as they had been doing. The chairman replied that they had already had an assurance from the president of the Board that the Board was willing to do so.

Plan of Organization.

The Secretary, F. Elworthy, read a tentative plan that he had prepared as the basis of discussion which provided for a council of fifteen members elected from the whole membership at large and one member from each of various sections into which the membership would be divided to permit of a particular class of trade, business or industry comprising a section or a sub-section. There would be a publicity section, the management of which would be drawn from the City Council and various existing organizations and to meet the desire for central and conspicuous quarters for an information bureau he suggested something such as an artistic log cabin located at the southwest corner of Government and Wharf Streets. The bureau would be operated as at present and the Board of Trade, the title by which the amalgamated organization would be known, would prepare the literature, etc. Under such a plan overhead charges would be reduced to a minimum and more money be available for publicity matter and advertising.

The work of such an organization as the Development Association must not be curtailed in any way, said J. L. Beckwith.

Development of Industries.

What they had to face, said J. J. Shallcross, was the development of industries to take care of the surplus labor that they could expect in the next year, or the next two years. The lines they could work along were shipping and the tourist traffic. The prosperity of Victoria depended upon these two lines. The development of shipping, and all its ramifications meant employment to a large number of men in the city. He referred to the system of organization of the Mainland Board of Trade, consisting of a number of bureaus with men interested in the particular branch of development work handled by the bureau.

Could Not Amalgamate.

Such bodies as the Real Estate Exchange and the Rotary Club could never consider amalgamation with the Board of Trade C. T. Cross declared, and pointed out that the organizations mentioned were affiliated with national institutions. They could never consider themselves as part or a committee of another organization, although as individuals they could do their best for the development of the city. Speaking for the Rotary Club, J. Scott made a similar point although, he said, speaking for the individual members they would become enthusiastic supporters of any association for the benefit of the city of Victoria.

Alderman Porter moved, and Alderman Walker, seconded the resolution which was passed, Alderman Porter putting in a plea for a better reception of visitors when they reached the city.

After the resolution had been passed, J. A. Howard Chapman said that the money the city had to spend could not be best applied in the improvement of the city's greatest asset, its water front, and favored making Victoria a watering place. During the last twenty-five years he claimed $200,000 had been fooled away, and wasted in the grants made for publicity.

THIS WOMAN SAVED FROM AN OPERATION

By taking Lydia E. Pinkham's Vegetable Compound, One of Thousands of Such Cases.

Black River Falls, Wis.—"As Lydia E. Pinkham's Vegetable Compound saved me from an operation, I cannot say enough in praise of it. I suffered from organic troubles and my side hurt me so I could hardly be up from my bed, and I was unable to do my housework. I had the best doctors in Eau Claire and they wanted me to have an operation, but Lydia E. Pinkham's Vegetable Compound cured me so I did not need the operation, and I am telling all my friends about it."—Mrs. A. W. Binser, Black River Falls, Wis.

It is just such experiences as that of Mrs. Binser that has made this famous root and herb remedy a household word from ocean to ocean. Any woman who suffers from inflammation, ulceration, displacements, backache, nervousness, irregularities or "the blues" should not rest until she has given it a trial, and for special advice write Lydia E. Pinkham Medicine Co., Lynn, Mass.

NUTRITION OF SOUL

Walter W. Baer Concludes Series of Lectures on Psychology

At the Unitarian Church W. W. Baer gave the last of a series of lectures on Psychology on Sunday evening. Mr. Baer has cut a clean course through the bewildering mass of evidence, collected in recent years, bearing on his subject.

The series was begun in October, 1817, with an "Introduction to Psychology," in which the speaker pointed out the limitations of the word as generally understood, and set out to get behind the surface phenmena of orthodox Psychology to its deep lying realities.

In later lectures he proceeded to draw clear the distinction between conscious and subconscious activities, passing on to a detailed discussion of such subjects as hypnotism, telepathy, clairvoyance and spirit-mediumship.

This led up to the central lecture of the series, in which Mr. Baer outlined the Nature of the Soul—the spiritual principle in man which manifests itself in all the activities, conscious and subconscious, described in preceding lectures.

From the soul of man he passed on to the soul of the universe—The Cosmic Consciousness—in which all other souls live, and move, and have their being. If the soul of man was the intellectual climax of the series the Cosmic Consciousness was the emotional climax.

In discussing the soul's menu, Mr. Baer gathered up the ideas of the whole series, and brought them to a practical conclusion by showing how the soul may be nurtured and developed. "The commonplaces of life are the common table of the soul," he said. His great concern was for the wholesome regimen. It took centuries to evolve pure-food laws, and the laws of the soul's diet were still obscure to the great majority.

But the soul is nurtured by the spiritual environment in which we live. We cannot buy, sell, teach, learn, or worship, without each act having its effect upon our soul life," he added.

"More formal nourishment is provided by reading, music, and art. In history and poetry the spiritual treasures of our race are enshrined. Behind their smybols we catch the pulse of a great life which we can make our own. Music and art, while less definite, are more universal and direct in their appeal.

"When we understand soul-catering as well as we understand food calories," said the speaker, "we shall escape much of the spiritual malnutrition of the present time."

Teach Children to Use Cuticura Soap

Because it is best for their tender skins. Help it now and then with touches of Cuticura Ointment applied to first signs of redness, roughness, pimples or dandruff. If mothers would only use these super-creamy emollients for every-day toilet purposes how much suffering might be avoided by preventing little skin and scalp troubles becoming serious.

Sample Each Free by Mail. Address postcard: "Cuticura, Dept. N, Boston, U. S. A." Sold by dealers throughout the world.

DR. MACDONALD WAS HONORED IN ORIENT

Editor of Toronto Globe Was in Victoria Last Monday

Dr. J. A. Macdonald, Editor of The Toronto Globe, spent a few hours in Victoria on Monday on his way home from a year's tour in the Orient.

The visit of Dr. and Mrs. Macdonald to China, Korea and Manchuria terminated recently with arrival in Japan to await a steamer. They had an exceedingly intresting journey. Dr. Macdonald sought for unbeaten tracks and spent some time in the province of Honan. They were staying with the famous Dr. Christie, of Mukden, when the news of victory came and had the pleasure of participating in the celebrations which, small though the foreign community is, were heartfelt and spontaneous. On their way back they overtook peace celebrations in Seoul, and arrived in Tokio in time to share in the British gathering at the Embassy.

Dr. Macdonald's health has considerably improved as a result of his trip. Miss Jean Macdonald plans to remain in Tokio with her cousin, Miss Caroline Macdonald, for about a year.

In response to an invitation from the University Imperial, Tokio, Dr. Macdonald gave a series of lectures and it is possible he will return next year to Japan to give further lectures.

"I told the president of the university," he said, "that my first lecture in Canada would be on "North America as Civilized Internationalization,' and that I would give that same lecture in Tokio if I returned."

Among the things Dr. Macdonald has brought home as souvenirs of his trip are a number of passes sent to him as soon as he arrived in different parts of China and Japan.

"They are proofs of the real interest both these countries take in Canada." Wherever he went Dr. Macdonald was plied with questions as to the possibilities of this country, and he is firmly convinced that "now the war is over trade should grow and become profitable to both sides if wisely and sanely conducted."

DISCRIMINATION IN POST DISCHARGE PAY

Civil Servants in Federal and Provincial Service Not Eligible

Decision on the part of the Federal authorities to allow members of the Dominion and Provincial civil service who have served overseas to remain outside the pale in the matter of post-discharged pay will provide a subject for discussion at the Great War Veterans' Provincial Convention on Saturday next. The subject was brought to the attention of the local body last night in a letter from Comrade Lieut. Gurney, R.O., C.E.F., who has returned to duty at the lighthouse on Bellenas Island, and is consequently discriminated against.

Outside the Pale.

He quotes the official notification in which he is told that post-discharged pay would not be extended to "civil employees of the Federal or Provincial Governments who on retirement or discharge are privileged to return to their former positions in the Government service. From documents on your headquarters file it would appear that previous to your enlistment you were a civil servant and that you have been permitted to resume your former duties. It is regretted, therefore, that you cannot be considered as eligible for post-discharge pay."

Yes, Why?

He goes on to say: "I am enclosing a copy of a letter re post-discharge pay from Ottawa. Would you kindly lay the matter before the G.W.V.A.? It is a gross injustice that Government servants do not receiv epost-discharge pay. Every soldier throughout the British Empire (with the exception of Canada), be he civil servant or not, draws this allowance when discharged. Bank clerks, C.P.R. employees and all servants of big firms in Canada draw this pay and reutrn to their former billets and in most cases have been paid their salaries while on service. Why should the Government civil servant, the poorest paid in Canada, go without his allowance? In any case, I am light keeper. I am paid $97 per month, out of which I have to pay and board an assistant and keep a family. There is no pension to look forward to, no allowance to educate my family. I paid a man to take my place during the time I was soldiering.

Asks Intervention.

"It cost me $50 a month during the two years I was serving. On returning to the light service I am informed that I am not allowed post-discharge pay because I am a civil servant. There are a number of men overseas from the marine service that expect to get this allowance and should get it. I should be deeply grateful if the G.W.V.A. would take the matter up."

The Navy League Chapter, I.O.D.E., will hold its monthly meeting Friday, 10th, at headquarters, Arcade Building, at 2.45 p.m. A large attendance is requested as nominations of officers and councillors for the ensuing year will be received. All members having ticket books of raffle for hand-made tablecloth kindly return same on that day.

SPORTS of VICTORIA THE NORTHWEST AND THE WORLD

EDDIE OATMAN HAS JOINED ARISTOCRATS

On Trip to Seattle for To-night's Game, But Not Yet Ready to Play

The opinion of such an expert on the hockey game as Pete Muldoon, who is piloting the Seattle Mets in the race for the world's championship, is worth quoting. Muldoon saw his team pull off a big victory in Victoria, but as he stated after the game, the Victoria aggregation looks good to him. Muldoon is not expecting to have things so easy in the game to-night on the Seattle rink.

Sometimes the lighter hockey team has an advantage after all, especially when it is fast and team work is developed to a high point, he says referring to his own puckchasers. The Mets ice at Victoria was the most perfect ever skated on. It did not even show a wave or ripple. This gave them a chance to put their speed to the best use. In addition the skating area at Victoria is large. These two points enabled Seattle to lead the heavier Victoria players a merry chase. When Victoria visits Seattle it will be a different story as to the extent of the ice surface. This will give Victoria the chance to make use of their weight.

Among the Best.

Team work and practice will change the aspect of the Victoria team, and when Lester Patrick has given the same attention to the puckchasers carrying the Aristocrats colors, as he did to the players now under the management of Muldoon wearing the big "S" the fans can look forward to some rejoicings. The two games they have played in the race have put them in shape for a harder fight to-night than they were in condition for at the first meeting. There is general agreement that the players on the Victoria team are among the best in the game, and having received a couple of shape ups to polish their team work will be able to get the goals from now on.

Eddie Oatman Here.

Eddie Oatman has arrived in Victoria from the Mainland after his severe bout with the "flu," but he will probably not be able to take his place on the ice with the Aristocrat septette for about a couple of weeks. He made the trip to Vancouver to help coach the boys, but was in no condition to take his place in the forward line. He is also journeying to Seattle to-day.

The Stanley Cup.

It would not be surprising if, as a result of the complaint of Frank Patrick, President of the P. C. H. A., regarding the late date on which the N. H. L. season closes, that the league splits its season in two, especially as Ottawa appears so far to be making a run-away race of it. A split season schedule would give the Torontos and Canadiens a chance of getting back in the running. Otherwise it looks like Ottawa's year in the east. Last year they looked like the best team before the season started, but failed to live up to expectations. This year they look better than ever, and, what is more, are really winning games, which is what counts in the end. If there is no split schedule it is probable that some of the games will be advanced to allow the eastern champs to come to the coast in time to start the Stanley cup series by St. Patrick's Day.

Standing of the Clubs.

SATURDAY SCHEDULE FOR SOCCER LEAGUE

Three Senior Games and Two Intermediate Jackson Cup Entries

With nine entries received for the Sir John Jackson Cup games a hard fight for the trophy among the soccer players looks probable. Following up their declared intention at the beginning of the season of filling a case with trophies, the Foundation Company have entered two teams for the race. The entries received to date are Garrison, Foundation and Foundation A. Fragments from France, Victoria Military Hospital, H.M.S. Lancaster, Yarrows, Victoria West Brotherhood, and the Imperial Munitions Board. The first game will be played January 18.

Intimation has been received that the first soccer team to cross the border line this season will probably be the Northwestern League selection which did battle with the Fragments. Secretary Hill was instructed to write to the secretary of the league suggesting February 1 as a date for a picked Victoria team to meet the men from the United States.

Saturday's games are announced as follows:—Senior League—H.M.S. Lancaster vs. Foundation, at Canteen; referee, Payne. Garrison vs. Fragments, at Work Point; referee, Lockley. I.M.B. vs. Yarrows, at Beacon Hill; referee, Stokes.

Intermediate League—Yarrows vs. I.M.B., at Central Park; referee, Tingley. Victoria Military Hospital vs. Garrison, at Oak Bay; referee, Brynjolfson.

RECORDS ESTABLISHED DURING LAST YEAR

Some of the more notable performances of the year 1918 in sports follows:

Andrew Miller's Roamer established a new world's record of 1.34½ for the classic mile at Saratoga Springs.

Charles Pores set a new world's mark of 24.36½ for five-mile run in Chicago.

Joie Ray made a new indoor record for three-quarter of a mile in Madison Square Garden.

Eddie Collins played 473 straight games over a stretch of there or four years, and so set up a new baseball record.

Ralph De Palma broke his own record for ten miles in an automobile, and put the mark at 5.07 2-5.

Ty Cobb led the American League in batting for the eleventh time in twelve years.

Twenty-seven new swimming records were established by men and women.

Willie Hoppe set a new world's records of 25 points at three-cushion billiards.

Robert Lindley Murray won the American lawn tennis championship, while Miss Molla Bjurstedt once again was practically in a class by herself among the women.

KING'S COLORS WILL BE SEEN ON TURF

London, Jan. 8.—It is more than probable now that next season's flat racing is likely to come after the signing of the peace terms that the King will run his horses in the familiar scarlet and purple. Hitherto they have run under the name of Lord Marcus Beresford.

It would be appropriate if His Majesty should supply the winner of the Victory Derby, in which event the enthusiastic scenes which followed the successes of Persimmon, Diamond Jubilee and Minoru would again be witnessed. Unfortunately the prospects of a royal victory next summer at Epsom are not roseate.

LIPTON IS KEEN ON RETURNING WITH CUP

London, Jan. 8.—Sir Thomas Lipton, who has just recovered from a slight operation, announced on Tuesday that he accepted the decision of the New York Yacht Club, and was confident in his ability to bring back the America's Cup in 1920.

"I entirely accept," said Sir Thomas, "the New York Yacht Club's decision, but am glad the race is settled to occur in 1920. When I return with the cup, which IL would willing give my last shilling to win, I shall have achieved something which nobody else has done or is likely to do."

LEONARD AND DUNDEE MEET AT CATCHWEIGHTS

New York, Jan. 8.—According to latest reports the eight-round bout between lightweight champion Benny Leonard and his Italian rival for the title, Johnny Dundee, is scheduled for January 20. The conditions remain the same, the boxers agreeing on catchweights, and each boxer will receive a percentage of the receipts, minus the state's ten per cent. tax.

TOMMY BURNS'S PLANS.

Tommy Burns, former heavyweight champion, who is now discharged from the C. E. F., in which he served at Hastings Park as boxing instructor, is contemplating the establishment of an army athletic cup in Vancouver.

NATURAL ICE SKATING.

Portland, Or., Jan. 8.—Ice skating was participated in by thousands Sunday on lakes and ponds in and about Portland. The minimum temperature was 25 degrees. Freezing weather has now continued without interruption for more than a week.

TY SAYS HE WILL PLAY.

Montgomery, Ala., Jan. 8.—Ty Cobb, while passing through this city Monday night, denied the report that he would leave the Detroit team. He said that all the players who entered the war were given their releases, however, and that he probably will play with Detroit this year.

CAUTION NECESSARY IN INFLUENZA CASES

Medical Health Officer Comments on Public Carelessness

"The Spanish Influenza situation is not any better, and is showing every indication of becoming much worse," said Dr. A. G. Price, Medical Health Officer, this morning. "If the citizens had continued the precautions from the beginning of the epidemic things would not be so serious," he stated.

Since the epidemic started there have been 2,759 cases reported to the Health Department, and 186 deaths up to January 1. During December there were 320 fresh cases, and sixteen deaths. So far this month the total of newcases has reached 174.

Dr. Price again emphasized the necessity of people refraining from expectorating on the public streets, and of keeping the nostrils, mouth and throat thoroughly disinfected at all times.

"There is still a great demand for nurses and the Isolation Hospital would be in a position to handle more cases if more assistance were forthcoming," said Dr. Price. At the present time there are twelve women, six children, and six men inmates.

LINING UP ISLAND BOARDS OF TRADE

Arrangement Made to Secure Greater Publicity for This Island

In order to secure greater publicity for Vancouver Island, and to produce greater results generally, the Victoria Board of Trade is lining up the Boards all over the Island. Further proposals along the same line have also been advanced, it being suggested that branch boards might be established in the districts adjacent to this city.

During the past few months the local Board of Trade Secretary has been in receipt of a large number of requests for information on the opportunity offered by Vancouver Island. These requests have been answered both with letter and with literature and pamphlets prepared for the purpose. It is considered that if the Boards of Trade of the whole Island could each set forth the conditions of their own districts, more valuable results could be obtained.

The Secretary of the Victoria Board, therefore, has made an arrangement with the other Boards whereby they will be able to answer queries received by the Victoria organization. Requests for information received here will be immediately forwarded to the districts concerned. The value of this arrangement has already been acknowledged at several up-Island points.

TO WELCOME VETERANS

Public Meeting at City Hall To-night to Plan Demonstration on Arrival of Transport

Under the auspices of the Welcome Club a meeting will be held at the City Hall this evening, when plans will be made for the proper welcoming of the 1,500 men now on their way home from overseas, on board the C. P. O. S. Empress of Asia, via the Panama Canal.

The club hopes to make the arrival of the veterans the occasion for a big patriotic demonstration in which all the citizens will join, and to that end it is hoped that as many as possible will attend to-night's meeting.

FOR ALL TASTES.

"Mr. and Mrs. R. O. Gosnell gave a reception Tuesday in honor of their daughter's return home from college. Refreshments were served, consisting of pie, cake, bananas, candy, pickles, beans and onions.—Newbury Press.

WE'VE MET THE LADY.

A modern novelist describes a lady with whose like some of us are not wholly unfamiliar, "One moment," he says, "you think you are great chums, and the next you wonder if you've ever been presented."

"I am not the champion of landlords; I am not a defender of royalties; I do not believe in them."—Mr. Lloyd George.

"The twentieth century is far too late in the day for the honest toiler to dwell in a brick box with a slate lid."—Sir John Leigh.

TO DISCHARGE BY ELECTRIC MAGNET

Novel Method Adopted to Unload Difficult Cargo From French Ship Luneville

VESSEL MADE PORT TO-DAY FROM PORTLAND

Eighteenth of the score of ships completed at the Portland yard of the Foundation Company to the order of the French Government, the 3,000-ton five-masted auxiliary schooner Luneville, laden with 1,700 tons of iron fastenings to be used in connection with the construction of the twenty French vessels at the Victoria yards, arrived in port about noon to-day from Portland.

A novel plan has been adopted by the Victoria management to facilitate the discharge of the Luneville's cargo. An electrical coil magnet will be used in order more quickly to dispose of this miscellaneous cargo, which is composed mostly of iron bolts and spikes for ship fastening purposes.

Aware of the nature of the freight, which had been dumped wholesale into the hold of the Luneville, the local officials of the Foundation Company faced a difficult proposition because of the unusual class of freight to be handled.

Finally someone in the electrical department conceived the idea of a magnet and Manager Paul Thompson immediately cast about with the object of securing a suitable magnet. This was located at Portland and was brought north aboard the Luneville.

Unique Method.

As far as this port is concerned this method of discharging a vessel is unique. The Luneville will be docked alongside the wharf at the new Marine Depot, immediately adjacent to the Point Hope yard. The huge coil magnet will be rigged to a derrick and connected up with an electric cable from the yard transformer station. Then the magnet will be lowered into the hold and as the juice is released the action in the hold will be electrical. Iron bolts and spikes within the radius of power will leave their resting place with alacrity, flying to the centre of attraction in the hold.

With an indescribable mass of small iron clinging to its surface the magnet will be hoisted aloft, swung inshore, the electric current then being cut off, and the trick is accomplished. The magnetic plan is considered a step in advance of the laborious hand method.

Fine Vessel.

The Luneville represents the fine class of vessel that has been turned out by the Foundation Company at its Portland and Tacoma yards during the past year.

The two yards have built and delivered to the French Government forty 3,000-ton deadweight auxiliary vessels, completely equipped and ready for service. In actual operation these vessels have proved very successful and have been the subject of high praise of shipping experts.

The Luneville, known as Hull 317, was laid down at Portland, May 31, 1918, and launched on October 30. On December 12 she underwent her trials and was delivered on December 20.

FIREMEN OF LIGHTHOUSE TENDERS OUT ON STRIKE

Demanding a higher scale of wages the firemen of the Dominion lighthouse tenders Estevan, Newington and Leebro have refused to ship aboard the Government vessels.

The firemen, who have ben getting $75 per month and board, are now demanding $90 and board, the scale now paid men for similar work on vessels operated by private corporations. The men of the Leebro, which is chartered by the Dominion Government, are satisfied with the wages paid, but have struck in sympathy with the men on the Estevan and Newington.

The settlement of the dispute is indefinite pending word from Ottawa.

AUXILIARY SCHOONER LUNEVILLE.

HOPE FOR TANKER LOOMIS ABANDONED

Loss of Vessel Is Practically Admitted by Owning Company

Officials of the Standard Oil Company have practically abandoned hope of finding the missing tanker George W. Loomis, which sailed from San Francisco December 19 for Coos Bay and failed to arrive. It is the opinion of shipping men that the tanker was either wrecked off the Northern California coast, or, suffering engine trouble, was blown far out of her course in the Pacific Ocean. According to word from the Golden Gate the officials of the Standard Oil Company are now taking steps to pay families of members of the crew the insurance due them.

The list of those known to be among the crew, so far obtainable, was: Capt. E. E. Lapchis, George Jensen, first mate; Ernest Lorenzen, second mate; F. Patterson, chief engineer; L. Lakenour, first assistant engineer; Clifford Bradley, second assistant engineer; K. Peterson, pumpman; William Letts, cook; E. C. Marron, messman, and Harry Lurner, messboy. There were four known seamen aboard. Others are believed to have joined the vessel before her departure from San Francisco. The George W. Loomis was built at the Union Iron Works at San Francisco, in 1896. She was the first tanker to be built by the Standard Oil Company, and construction figures show her to be 175 feet long, with a beam of 24.4 feet and a gross tonnage of 614.

SHIPWORKERS ARE INTERESTED IN NIGHT CLASSES

Evidence of interest in the night classes inaugurated on Monday last by the Victoria School Board on ship construction is shown by the attendance at the initial classes held at the High School, which reopened on Monday.

The night classes on ship draughting (Monday and Wednesdays), under John Cameron, is being attended by twenty pupils, and the classes in laying-off and mould-loft work (Tuesdays and Thursdays), under the supervision of Charles E. Green, have attracted fifty pupils to date.

Considerable interest is also being evinced in the steam-engineering course, seventeen pupils attending. The courses will continue until March 31, the entrance fee being nominal.

FUSHIMI MARU IS CROSSING PACIFIC

N.Y.K. Liner has 169 Passengers and 1,321 Tons of Cargo for Victoria

Departure of the Nippon Yusen Kaisha liner Fushimi Maru, Capt. T. Irisawa, from Yokohama on January 3, is announced by W. R. Dale, local agent of the company. The Fushimi Maru is running right on schedule and is due to reach this port on January 15.

According to cable advices the liner is crossing the Pacific with 316 passengers and a capacity general Oriental cargo.

For Victoria the steamship has 169 passengers and 1,321 tons of cargo. The through passengers number 147 and these will disembark at Seattle.

The steamship Kamo Maru, of the same fleet, is scheduled to arrive here two days ahead of the Fushimi Maru, but as the departure of that vessel from the Japan coast has not yet been chronicled the indications are that she has been delayed in in getting away from Yokohama.

Monteagle Coming.

Another trans-Pacific liner en route here is the Canadian Pacific Ocean Services liner Monteagle, Capt. F. L. Davison, R. N. R., which is expected to arrive here towards the latter part of the month.

The liner Empress of Japan, Capt. W. Dixon-Hopcraft, R. N. R., is due to sail from Hongkong about January 15.

The big C. P. S. O. liner Empress of Asia, Capt. W. Davison, R. N. R., which sailed from Liverpool on January 2 for this port via the Panama Canal, with a large contingent of British Columbia and Western Canadian troops, is expected to make this port on January 27. Following her arrival here the Empress of Asia will be fitted out for the trans-Pacific trade.

VICTORIA INNER HARBOR ASSOCIATION TO MEET

The thirteenth annual general meeting of the inner Harbor Association will be held on the ground floor of the Belmont House, Humbolt Street entrance, on January 10, at 3 p.m. The business to come before the meeting will be the reading of the twelfth annual report of the Board of Management, the election of officers for the ensuing year, and the consideration of other matters pertaining to the port of Victoria.

SHIP DUNSYRE WON VERY CURIOUS RACE

Gained During the Night While French Barque Forged Ahead in the Day

When the ship Dunsyre, a vessel formerly registered at Victoria, and the French barque Bretagne fell in with each other at sea 2,000 miles off San Francisco recently, there began one of the most curious races recorded in many a day.

The Dunsyre, with all sail set, was ten miles ahead of the Bretagne every morning, having made the gain during the night. The Bretagne was similarly ten miles ahead of the Dunsyre every evening, making her gain during the day. As the race terminated at night, the Dunsyre was the first to make San Francisco. Both vessels carried cargoes from Sydney, N.S.W., and arrived at San Francisco on January 2.

The time used is Pacific Standard, for the 120th meridian west. It is counted from 0 to 24 hours, from midnight to midnight. The figures for height serve to distinguish high water from low water. Where blanks occur in the table, the tide rises or falls continuously during two successive tidal periods without turning.

The height is in feet and tenths of a foot, above the average level of lower low water.

MR. JUSTICE MARTIN MAKES A STATEMENT

Says He Has Nothing to Add to Judgment in Leonor Case

On being shown the account in Monday's Times of the remarks made by A. P. Luxton, K. C., at the opening of the SS. Princess Sophia investigation on that day before Mr. Justice Morrison, in connection with the Leonor Prize case brought before Mr. Justice Martin on December 15, 1916, His Lordship said he had no observations to make upon the judgment he delivered in that case on the complaint preferred to the Court by the defendants against Mr. Luxton's course, except that since the exact nature of that complaint had not been made clear on Monday it was essential that the public should clearly understand it; and this was that Mr. Luxton had procured a judgment in favor of his clients, the Crown, at Ottawa by means of a breach of faith with the Court here.

Mr. Justice Martin added that an appeal to their Lordships of the Privy Council from the judgment against Mr. Luxton was open, but he had not taken it and, therefore, the judgment stands established. As a full report of the complaint and the facts set out and prpceedings taken in open Court and the judgment delivered thereupon, is published in Volume three (1917) of the Western Weekly Law Reports, page 861, His Lordship did not think it desirable to discuss them or to add anything to the official records which, he says, speak for themselves, and are open to all who care to ascertain the facts.

LINDEN AVE.—Seven roomed, fully modern bungalow, full basement, open fire, built-in buffet, gas, furnace, garage; price $4,000.

GRUBB & HAMILTON,
Mahon Block (Over 15c. Store).

NO BETTER BUY IN A HOUSE IN VICTORIA TO-DAY.

If there is a better buy in Victoria we simply don't know of it. The price, not an extravagant one in the first place for such a house in such a locality, was $3,000; to find an immediate purchaser this has been cut down to $2,900. Needless to say this is the buyer's opportunity. If you are in the market just go through it, that's all we ask.

House is a 7 roomed semi-bungalow, large rooms, full cement basement, cement sidewalks, furnace, two toilets, separate bath; den, with open fireplace, in burlap; built-in bookcases; built-in buffet; large veranda, garage; good residential neighborhood.

FURTHER NOTICE OF APPLICATION FOR PRIVATE BILL

Notice is hereby given that an application will be made to the Legislative Assembly of the Province of British Columbia, at its next session, for the enactment by the "Victoria City Act, 1919" (notice of application for which is dated November 4, 1918), of the following additional powers, remedies, items and matters, namely:

9. Amending the definition of "Council" in Section 1 of the "Victoria City Relief Act, 1918 (No. 2)," by striking out all the words after the word "Victoria" in the second line thereof.

10. Re-enacting Section 27 of the said "Victoria City Relief Act, 1918 (No. 2)," so as to validate all street improvement and expropriation by-laws passed before April 23, 1918, notwithstanding the omission to publish the same and file the same in the Land Registry Office; and similarly validating all by-laws passed after April 23, 1918, except appropriation by-laws.

11. Re-enacting Section 29 of the said "Victoria City Relief Act, 1918 (No. 2)" so as to validate local improvement assessments heretofore made for works completed in part, notwithstanding lack of jurisdiction in the Council by reason of the omission to follow the provisions of Section 19 of Chapter 46 of the Statutes of 1916 or otherwise.

12. Validating, retroactively and prospectively, the acts of "acting" officers of the Corporation, during the absence, disability or incapacity of the proper officers, or during any vacancy in office.

13. Authorizing the transfer to the local improvement sinking fund account of various balances on hand, with accrued interest, which have not been expended for the respective purposes for which they were raised or borrowed, and are not required for such purposes, and which were so raised or borrowed under the following by-laws or statute, namely:

Admiral's Residence By-law, 1897	$ 109.17
New Point Ellice Bridge Loan By-law, 1901	523.78
City of Victoria Act, 1892	67.70
Additional Fire Protection Loan By-law, 1908	268.16
$50,000 Fire Protection By-law, 1910	607.32
Public Convenience Loan By-law, 1910	524.87
Dallas Road Foreshore By-law, 1910	1,708.34
Cemetery Protection By-law, 1911	274.11
Electric Lighting By-law, 1911	245.00
Police Headquarters and Jail By-law (1913)	1.73
Ross Bay Cemetery Expenditure By-law, 1914	3.17

14. Authorizing the use of all or any of the City's Elk Lake Reservoir and Watershed property as a public park, pleasure ground or recreation ground.

R. W. HANNINGTON,
City Solicitor.

November 27, 1918.

ADDITIONAL NOTICE OF APPLICATION FOR PRIVATE BILL

NOTICE is hereby given that the Corporation of the City of Victoria, in addition to the matters mentioned in its previous notices of application for a private bill (to be known as "Victoria City Act, 1919"), dated November 4 and November 27, 1918, will apply to the Legislative Assembly of British Columbia at its next session, for the enactment, by the said proposed Act, of the following further powers, remedies, rights, items and matters, namely:

15. Amending Subsection (1) of Section 23 of the "Victoria Relief Act, 1918 (No. 2)," by expressly providing that the jurisdiction of the Local Improvement Commissioners shall include and extend to any work, project, improvement or undertaking authorized, initiated or intended as a work of local improvement (including the expropriation of land), and notwithstanding any error, omission or defect in the proceedings in that behalf.

16. Amending Paragraph (g) of Subsection (1) of Section 23 of the said Act, by inserting the words "or specially assessed," after the word "charged" in the first line thereof.

17. Amending Section 24 of the said Act by providing that the report, direction or proceedings of the Local Improvement Commissioners shall not be quashed, restrained or brought into question except on the ground of mala fides.

18. Amending Section 25 of the said Act by inserting a paragraph in Subsection (1) expressly providing for the making of a special assessment, pursuant to the report of the Local Improvement Commissioners, in cases where the special assessment has not been made or has been quashed or set aside.

19. Amending Sub-paragraph (iv.) of paragraph (f) of Subsection (1) of said Section 25 of the said Act, by providing that owners who have not expressly elected otherwise shall be deemed to have elected to continue to pay the unreduced annual instalments as originally assessed, extending over the number of years fixed therefor in the first instance.

20. Authorizing the Council to permit, regulate or prohibit the erection and use, on streets or sidewalks, of gasoline tanks, pumps, air and water pipes, clocks, posts, porches, signs and other fixtures; to charge and collect fees or rentals therefor; to require indemnity from owners against loss or damage occasioned thereby, and making such fees, rentals and indemnity a first charge on the real property in connection with which such fixtures are placed or used.

21. Providing for an appeal to the Supreme Court and the Court of Appeal, from the award of Arbitrators relating to compensation or damages for real property expropriated, entered upon, taken, used or injuriously affected by the Corporation.

22. Authorizing the Council by by-law to name or define paved streets or portions thereof which may not be traversed or used by heavy motor trucks or vehicles for the carriage of goods or commodities; to regulate, limit or prohibit the use of such streets or portions thereof by such trucks or vehicles; to prescribe, regulate or limit the weight of such trucks or vehicles and of their loads which may be used, driven or carried thereon, and the rate of speed at which they may be driven thereon; to license such trucks or vehicles, whether or not used or plying for hire, and to charge license fees therefor according to the weight or capacity of such trucks or vehicles.

23. Conferring on the Corporation the right to levy and collect a tax in respect of persons attending theatrical performances, moving picture shows and other public entertainments or exhibition.

Dated December 4, 1918.

R. W. HANNINGTON,
City Solicitor.

"LAND REGISTRY ACT."
Section 24.

In the Matter of Part Forty Feet (40 ft.) by Two Hundred and Fifty Feet (250 ft.) of Lot Eighteen (18), Block Two (2), Viewfield Farm, Esquimalt District, Map 195.

PROOF having been filed in my office of the loss of the Certificate of Title No. 5556-F to the above mentioned lands in the name of GEORGE THOMAS WARREN, and bearing date the 26th day of June, 1912, I HEREBY GIVE NOTICE of my intention, at the expiration of one calendar month from the first publication hereof, to issue to the said George Thomas Warren, a fresh Certificate of Title in lieu of such lost Certificate.

ANY PERSON having any information with reference to such lost Certificate is requested to communicate with the undersigned.

Dated at the Land Registry Office, Victoria, B. C., this 6th day of December, 1918.

FRANK J. STACPOOLE,
Registrar-General of Titles.

Saanich Municipal ELECTIONS

Election for
REEVE, COUNCILLORS, SCHOOL TRUSTEES, POLICE COMMISSIONERS.

PUBLIC NOTICE is hereby given to the Electors of the Municipality of Saanich, that I require the presence of said Electors at the Council Chamber, Municipal Hall, Royal Oak, B. C., on Monday, the 13th day of January, 1919, at 12 o'clock noon, for the purpose of electing persons to represent them as Reeve and Councillors, School Trustees and Police Commissioners.

The mode of nomination of candidates shall be as follows: The candidates shall be nominated in writing; the writing shall be subscribed by two voters of the Municipality as proposer and seconder, and shall be delivered to the Returning Officer at any time between the date of the notice and 2 p. m. of the day of the nomination, and shall state the names, residence and occupation or description of each person proposed, in such manner as sufficiently to identify such candidate, and in the event of a poll being necessary, such poll will be opened on the 18th day of January, 1919, at the following places: For the First Ward, at Cedar Hill School House, Cedar Hill Cross Road; for the Second Ward, at Tolmie School House, Boleskine Road; for the Third Ward, at the Hall, Tyndall Avenue, Gordon Head; for the Fourth Ward, at McKenzie Avenue School, corner McKenzie Avenue, Carey Road and Raymond Street; for the Fifth Ward, at Royal Oak School, near the junction of the East and West Saanich Roads; for the Sixth Ward, at the Temperance Hall, East Saanich Road; for the Seventh Ward, at the Tillicum School, on Albina and Orillia Streets, near Burnside Road. And such polling places will be open from 9 o'clock a. m. to 7 p. m., of which every person is hereby required to take notice and govern themselves accordingly.

The qualification for Reeve shall be being a British subject and having been for the three months next preceding the day of nomination, the registered owner, in the Land Registry Office, of land or real property situate within the Municipality of the assessed value, on the last Municipal or Provincial Assessment Roll, of five hundred dollars or more over and above any registered judgment or charge, and being otherwise duly qualified as a voter.

The qualifications for a Councillor shall be being a British subject and having been for the three months next preceding the day of nomination the registered owner, in the Land Registry Office, of land or real property situate within the Municipality of the assessed value, on the last Municipal or Provincial Assessment Roll of two hundred and fifty dollars or more over and above any registered judgment or charge; or being a homesteader, lessee from the Crown, or pre-emptor who has resided within the Municipality for the space of one year or more immediately preceding the day of nomination, and is assessed for five hundred dollars or more on the last Municipal or Provincial Assessment Roll over and above any registered judgment or charge, or being a homesteader, lessee from the Crown, or pre-emptor who has resided within the Municipality for a portion of one year immediately preceding the nomination, and during the remainder of said year has been the owner of said land, of which he or she formerly was a homesteader, lessee from the Crown, or pre-emptor, and is assessed for five hundred dollars or more on the last Municipal or Provincial Assessment Roll over and above any registered judgment or charge; and being otherwise duly qualified as a Municipal voter.

The qualifications for a School Trustee shall be any person being a British subject of the full age of twenty-one years actually residing within the district, and having been for the three months next preceding the day of his or her nomination the registered owner, in the Land Registry Office, of land or real property situate within the Municipality of the assessed value, on the last Municipal or Provincial Assessment Roll, of two hundred and fifty dollars or more over and above any registered judgment or charge; or being a homesteader, lessee from the Crown, or pre-emptor who has resided within the Municipality for the space of one year or more immediately preceding the day of nomination, and is assessed for five hundred dollars or more on the last Municipal or Provincial Assessment Roll over and above any registered judgment or charge, or being a homesteader, lessee from the Crown, or pre-emptor who has resided within the Municipality for a period of one year immediately preceding the nomination, and during the remainder of said year has been the owner of said land, of which he or she formerly was a homesteader, lessee from the Crown, or pre-emptor, and is assessed for five hundred dollars or more on the last Municipal or Provincial Assessment Roll over and above any registered judgment or charge; and being otherwise qualified by this Act to vote at an election of school trustees in the said school district, shall be eligible to be elected or to serve as a school trustee in such district municipality school district.

The qualification for a Police Commissioner shall be being a British subject and of the full age of 21 years.

Given under my hand at Royal Oak, British Columbia, this 27th day of December, 1918.

R. R. F. SEWELL,
Returning Officer.

Note.—A statutory declaration proving qualification must be lodged with the Returning Officer before any candidate can be nominated or elected, said declaration must be delivered not later than 2 o'clock on the day of nomination.

BY-LAW

To Authorize the Purchase of Certain Lands Without the Municipal Limits for a Public Cemetery, and to Authorize the Borrowing of $38,000.00 for the Purpose of Paying Therefor.

WHEREAS the Municipal Cemetery, known as "Ross Bay Cemetery," is almost entirely occupied and taken up for burial purposes, and it is necessary to have other cemetery accommodation available for the purposes of the Corporation.

AND WHEREAS the Corporation holds an option, under seal, exercisable until the thirty-first day of January, 1919, for the exclusive right to purchase for cemetery purposes certain lands and premises situate in the Municipality of the District of Saanich, without the Municipal Limits of the City of Victoria, described generally as follows:

(a) Part (25.65 acres more or less) of Section 90, Victoria District, registered in the name of Thomas Tod in the Land Registry Office at Victoria in Absolute Fees Book, Volume 26, Folio 70, Number 19375-C.

(b) Part (27.98 acres more or less) of Section 86, Victoria District, registered in the name of Mileva Catherine Tod in Absolute Fees Book Volume 30, Folio 136, Number 3370-F.

(c) Part (28.8 acres more or less) of Section 17, Victoria District, and part (11.7 acres more or less) of Section 86, Victoria District, registered in the name of Theodore Norton under Indefeasible Title Number 11950-I.

Which said lands and premises are agreed to be vested in the Corporation by a good and registerable title in Fee Simple, free and clear from all liens, charges and encumbrances, save and except an existing lease of part (20 acres) of said Sections 17 and 86 for a term of five years from the 15th day of November, 1916, which lease is determinable on two months' written notice to the Lessees thereunder, upon certain terms as to compensation for growing crops and ploughing, therein particularly set forth.

AND WHEREAS the said lands comprise ninety-five (95) acres, more or less (to be ascertained by survey, and paid for accordingly), and the amount required to be borrowed for payment thereof will not exceed thirty-eight thousand dollars ($38,000.00):

AND WHEREAS the Municipal Council of the Corporation of the City of Victoria deems it expedient to purchase the said lands for the purpose of a public cemetery, and it is necessary to raise or borrow a sum not exceeding thirty-eight thousand dollars ($38,000.00) for the purpose of paying the purchase price thereof, which said sum is the debt which this by-law is intended to create:

AND WHEREAS it is expedient to make the whole of the said debt and of the debentures to be issued therefor, repayable in such yearly sums during the period of twenty (20) years as are shown in Section numbered 5 of this By-law, pursuant to Paragraph (c) of Sub-Section 4 of Section 97 of the "Municipal Act":

AND WHEREAS the amount of the whole ratable land and improvements within the Municipality of the City of Victoria, according to the last revised Assessment Roll, is $71,238,770.00:

AND WHERAS the amounts required to be raised annually for payment of the debt which will be created hereunder, and the amounts required to be raised annually for paying the interest thereon for twenty (20) years, in accordance with the said "Municipal Act," are as set forth in said Section numbered 5 of this By-law:

AND WHEREAS this By-law may not be altered or repealed except with the consent of the Lieutenant-Governor-in-Council:

THEREFORE, the Municipal Council of the Corporation of the City of Victoria enacts as follows:—

1. It shall be lawful for the said Corporation to purchase the said hereinbefore described lands for a sum not exceeding thirty-eight thousand dollars ($38,000.00), and to hold the same for the purposes of a public cemetery, as aforesaid.

2. For the purpose of raising the necessary moneys for the purchase of the said lands, it shall be lawful for the Mayor and Council of the Corporation to borrow upon the credit of the said Corporation, by way of debentures, hereinafter mentioned, from any person or persons, or body or bodies corporate, who may be willing to advance the same as a loan, a sum of money not exceeding in the whole the sum of thirty-eight thousand dollars ($38,000.00) gross currency, or an equivalent amount in sterling money at the rate of 4.86 2-3 dollars to the pound sterling, and to cause all such sums so raised or received, to be paid into the hands of the Treasurer of the said Corporation, to be used and applied for the purposes and with the objects hereinbefore mentioned.

3. It shall be lawful for the said Mayor and Council to cause any number of debentures to be made, executed and issued for such sums as may be required, not exceeding, however, the sum of $38,000.00, either in currency or sterling money, at the rate aforesaid; each of the said debentures being of an amount not less than $100.00, and one, if necessary, for a less sum, to complete the authorized issue; and all such debentures shall be sealed with the seal of the said Corporation and signed by the Mayor thereof. Such debentures shall be issued on the plan or of the class commonly known as "serial" debentures, being of the class authorized by Paragraph (c) of Subsection 4 of Section 97 of the "Municipal Act."

4. It shall be lawful for the said Mayor and Council in their discretion to cause each of the said debentures to be made, executed and issued for an amount of £100 sterling, and one, if necessary, for a less sum in sterling money, to complete the authorized issue.

5. The debentures to be issued hereunder shall bear date as of the date of vesting in the Corporation a good and registerable title in Fee Simple to the lands which shall be purchased pursuant to the said option and this By-law, and shall be made payable within twenty (20) years from said date at the City of Victoria, B. C., as may be designated thereon, and shall be payable in twenty annual instalments during the twenty years next after the date thereof, and the respective amounts of principal and interest payable in each of such years shall be as follows:

Year.	Principal.	Interest.	Total.
1	$ 1,900	$1,900	$ 3,800
2	1,900	1,805	3,705
3	1,900	1,710	3,610
4	1,900	1,615	3,515
5	1,900	1,520	3,420
6	1,900	1,425	3,325
7	1,900	1,330	3,230
8	1,900	1,235	3,135
9	1,900	1,140	3,040
10	1,900	1,045	2,945
11	1,900	950	2,850
12	1,900	855	2,755
13	1,900	760	2,660
14	1,900	665	2,565
15	1,900	570	2,470
16	1,900	475	2,375
17	1,900	380	2,280
18	1,900	285	2,185
19	1,900	190	2,090
20	1,900	95	1,995
	$38,000	$19,950	$57,950

The said debentures shall have attached to them coupons for the payment of interest, and the signatures of the interest coupons may be either written, stamped, printed, lithographed or engraved.

6. The said debentures shall bear interest at the rate of five per cent. (5%) per annum from the date thereof, which interest shall be payable yearly during the currency thereof, at intervals of twelve months from the date thereof, at Victoria, B. C.

7. It shall be lawful for the said Mayor and Council to cause the said debentures and interest coupons, either or both, to be made payable at the City Treasurer's office, City Hall, Victoria, B. C.

8. For the purpose of raising the required sum for the payment of the interest on the said debentures during their currency, and for the payment of the said debentures as they respectively fall due, there shall be raised in each year the respective sums for principal and interest shown in Section five of this By-law, and said sums shall be raised annually by a rate sufficient therefor on all ratable land and improvements, or real property, in the City of Victoria, during the continuance of the said debentures or any of them.

9. This By-law shall, before the final passing thereof, receive the assent of the electors of the Corporation in the manner provided for in the "Municipal Act," and shall take effect on the day of the registration thereof.

10. This By-law may be cited as the "New Cemetery Purchase By-law, 1919."

Passed the Municipal Council the 30th day of December, A. D. 1918.

TAKE NOTICE that the above is a true copy of the proposed By-law upon which the vote of the Municipality will be taken at the Crystal Theatre building, No. 1315 Broad Street, in the City of Victoria, on Thursday, the 16th day of January, 1918, that the polls will be kept open between the hours of nine o'clock in the forenoon and seven o'clock in the afternoon, and that W. W. Northcott has been appointed Returning Officer of the said vote.

BIRTHS, MARRIAGES AND DEATHS

BORN.

BURNEY—To Mr. and Mrs. G. W. Burney, 120 Joseph Street, a daughter.

DORMAN—January 6, 1919, to Mr. and Mrs. A. A. Dorman, Mackenzie Avenue (Saanich), a daughter.

DIED.

HANGI—On January 3, 1919, suddenly, John L. Hangi, aged 48 years.

The remains are reposing at the B. C. Funeral Chapel, from where the funeral will take place on Friday at 2 p. m. Interment in Ross Bay Cemetery.

BLAND—On the 7th inst., at 1026 Yates Street, John Thomas Bland, aged 57 years, a native of England, a resident here for the past six months, formerly a resident of Saskatoon.

Funeral service will take place on Saturday, January 11, at 2 o'clock, from the Thomson Funeral Chapel, under the auspices of the Sons of England, Rev. F. A. P. Chadwick officiating.

KNIGHT—On the 7th inst., at her home, 1704 Haultain Street, Miss Florence Knight, aged 31 years, eldest daughter of Mr. and Mrs. Thos. Knight; born in Horsham, Sussex, Eng., and a resident of this city for the past eight years. She leaves to mourn her loss, besides her parents, four brothers and one sister.

The funeral will take place on Saturday, the 11th inst., at two o'clock, from the Sands Funeral Chapel. Rev. D. Smith will officiate. Interment Ross Bay Cemetery.

EGERTON—On Jan. 5, at her residence, N. Quadra Street, Catherine, widow of the late W. H. G. Egerton.

Funeral will take place on Thursday at 3 p. m., preceded by a short service at the residence at 2 p. m. Interment at Ross Bay Cemetery.

CARD OF THANKS.

I wish to thank the many friends, members of the Boilermakers' Union, Provincial Police, and all those who assisted in finding the body of my dear husband (P. Peters), who died in mountains at Malahat, and also those who assisted in bringing about his discovery.
MRS. P. PITTS.

CARD OF THANKS.

Mrs. John Henry Nolan, of Head Street, Esquimalt, desires to express her heartfelt thanks for the kind words of sympathy offered her on the occasion of her recent bereavement, and also for the many beautiful floral tributes sent.

No. 360. No. of Application 21199-F.

LAND REGISTRY ACT.

Notice Under Section 36.

TAKE NOTICE that an application has been made to register Samuel George Fetherston, as the owner in Fee-simple, under 6 Tax Sale Deeds from the Collector of the Corporation of the District of Saanich, to Samuel George Fetherston, bearing date the 12th day of April, 1918, in pursuance of a Tax Sale held by said Collector on or about the 19th day of August, 1915, of all and singular certain parcel or tract of land and premises situate, lying, and being in the District of South Saanich, in the Province of British Columbia, more particularly known and described as Lots One (1), Two (2), Three (3), Sixteen (16), Seventeen (17), and Eighteen (18), Block One (1), of Section Ten (10), Range One "E" (1 "E"), Map 1548.

You and those claiming through or under you, and all persons claiming any interest in the said land by virtue of any unregistered instrument, and all persons claiming any interest in the said land by descent whose title is not registered under the provisions of the "Land Registry Act" (R.S.B.C. 1911), are required to contest the claim of the tax purchaser within 30 days of the service of this notice upon you, and in default of a caveat or certificate of lis pendens being filed before the registration, as owner, of the person entitled under such tax sale you and each of you will be for ever estopped and debarred from setting up any claim to or in respect of the said land, and I shall register the said Samuel George Fetherston as owner of the said land so sold for taxes.

Your attention is called to section 36 of the said Act (R.S.B.C. 1911, c. 127) and amendments.

Dated at the Land Registry Office, at the City of Victoria, Province of British Columbia, this 11th day of October, A. D. 1918.

J. C. GWYNN,
Registrar-General.

To Malcolm E. Thoms and Reginald A. Blendell, Registered and Assessed Owners.

I direct service of this Notice to be made by publication thereof in four issues, one in each consecutive week, of a daily newspaper circulating in Victoria.

DISMISSES CHARGE OF HAVING "WORM"

Magistrate Says Evidence of Possession of Still is Weak

After hearing a story of a merry New Year's party, and certain interesting details on the making of whisky, Magistrate Jay in the Police Court this morning discharged Harry Thompson on a charge of being in possession of a "worm," an article mentioned in the Act along with other liquor-making appliances.

Detective Macdonald told the court how, with Detective Sergeant O'Leary and Sergeant Blackstock, he had searched premises at 817 Broughton Street, and in the rear of the house, hidden by some ivy and rubbish, he had found a tin can to which a tube had been attached. In the stable the officers had found two beer casks in which was some soak grain. In a large box, found in a stall, was more of the same grain, which had evidently been subjected to some process. Detective Macdonald mentioned having searched the same premises some three months ago on which occasion two bottle of whisky had been discovered near the place where the officers had found the alleged worm on their second visit.

Testimony was brought by the prosecution to show that Thompson rented the house at 817 Broughton Street but that the stable was rented separately. The stable had had no tenant for some three months.

A Merry Party.

A. R. Olson told the magistrate that, with other men, he had gone to Thompson's house about the first hour of the new year. During the ensuing three hours the party enjoyed a pleasant time, Thompson setting up the fisst round of drinks and the other members of the party paying in turn later. Thompson brought the whisky, which Olson described as good, from a back room in a small flask. The price of the drinks, said witness, was 25 cents each.

Olson stated that he had left the house at about four o'clock in the morning, but had returned about half-past seven with another man who said he had lost $60 at the scene of the party. The visitors told Thompson that they would let him off easy if he would "come across." Their idea in laying a charge of selling liquor was to get back this money.

J. Miller, Inspector for the Inland Revenue Department, stated that the utensil produced in court was a worm, and that there was no doubt in his mind that it had been used to make alcohol. In addition, he told the court exactly how the instrument could be used to make a very crude and raw liquor.

Acting for the defence, R. C. Lowe argued that no evidence had been produced to show that his client had actually been in possession of the worm. J. A. Aikman, prosecuting for the Department, voiced the opinion that the only reasonable inference with regard to the affair was that Thompson did have the worm for use contrary to the Inland Revenue regulations and the B. C. Prohibition Act.

"The evidence of possession," said Magistrate Jay, "is very weak. There may be strong suspicion, but I cannot say that accused was in possession of the worm." He therefore dismissed the case.

No. 328. No. of Application 21052F.

LAND REGISTRY ACT.

Notice Under Section 36.

TAKE NOTICE that an application has been made to register BURDICK BROTHERS & BRETT, LIMITED, as the owners in Fee-simple, under a Tax Sale Deed from the Collector of the Corporation of the District of Saanich to Burdick Brothers & Brett, Limited, bearing date the 8th day of August, 1918, in pursuance of a Tax Sale held by said Collector on or about the 18th day of July, 1917, of all and singular those certain parcels or tracts of land and premises situate, lying, and being in the District of Victoria, in the Province of British Columbia, more particularly known and described as Lots 2 and 3, in Block 12, of Sections 64 and 65, Map 1358.

You and those claiming through or under you, and all persons claiming any interest in the said land by virtue of any unregistered instrument, and all persons claiming any interest in the said land by descent whose title is not registered under the provisions of the "Land Registry Act" (R. S. B. C. 1911), are required to contest the claim of the tax purchaser within thirty days of the service of this notice upon you, and in default of a caveat or certificate of lis pendens being filed before the registration, as owner, of the person entitled under such tax sale you and each of you will be for ever estopped and debarred from setting up any claim to or in respect of the said land, and I shall register the said Burdick Brothers & Brett, Limited, as owners of the said land so sold for taxes.

Your attention is called to Section 36 of the said Act (R. S. B. C. 1911, c. 127) and amendments.

Dated at the Land Registry Office, at the City of Victoria, Province of British Columbia, this 22nd day of August, A. D. 1918.

SAYS DISCIPLINE ON NORTHLAND POOR

Maj. Westmore Testifies at Inquiry Into Conditions Aboard Troopship

Ottawa, Jan. 8. — Major Westmore, who was conducting officer on the troopship Northland, claimed at this morning's session of the investigation that the discipline on the ship was poor. Only about seventy-five per cent. of the men would come to attention on command, he said. This was due to the fact that they were partly forestry battalions; also because the war was over and the men were coming back.

Other evidence given by men on the Northland was in corroboration of previous testimony respecting insufficient food. Sapper Henry Gravel declared he had been told by Lieut. Vautelet, of Montreal, that if the men did not leave the deck a ship's crew with bayonets would chase them away.

PROHIBITIONISTS REGRET DELAY IN THE LIQUOR INQUIRY

Vancouver, Jan. 8.—Among prohibitionists here the opinion was expressed this morning that the delay in the rendering of a decision on the application to the Supreme Court affecting the liquor inquiry is even worse than a defeat, inasmuch as in the meantime they cannot take any steps by way of an appeal, nor can they apply to Ottawa to confer a Dominion commission upon Mr. Justice Clement, which, it is understood, was the move contemplated by the "Drys."

HISTORICAL TEACHING MUST BE ALTERED

London, Jan. 8. — (Canadian Press Dispatch via Reuter's).—Speaking at the conference of the Educational Association in London, Graham Wallas, professor of political science at London University, urged that the whole range of historical teaching must be altered. An advisory committee of London University on Imperial studies had found it impossible to teach special subjects in that particular field if attention were solely concentrated upon the British Empire. The world now was so closely connected together that the whole of it must be dealt with.

The principle of nationality, which had evil as well as good effects and which had shattered the world, and might even shatter the peace conference, required closer examination, he said.

THE HEIGHT OF STINGINESS.

"Speaking of stingy people," said the shopkeeper, reflectively, "there's no one can beat old Scrimp."

"What about him?" queried the customer who had come in for a pound of coffee.

"Why, he even looks over the tops of his glasses for fear of wearing them out!"

Fussy Subaltern: "Why didn't you salute as I passed?"

Old Contemptible: "Sorry, sir, I didn't notice you till you squeaked!"

The Girl: "Oh, you dear, brave kid! Do tell me how you won the Military Medal."

The Hero: "Oh, I carried the rum issue three miles through shell-fire and didn't drink a drop!"

Forty-seven: "I'm no good for the army, sir. I've got hammer toes."

Docter: "Nonsense! Just the thing on a route march for knocking down nails in your boots!"

BRITISH LEADER PAYS TRIBUTE TO FOCH

In Report Haig Says Loyalty of All Made Success Possible

London, Jan. 8.—Field Marshall Sir Douglas Haig, whose report on operations from the end of April until the end of hostilities was made public here last night, pays a high tribute to Marshal Foch, Commander-in-Chief of the Allied armies. In concluding his report the Field Marshal wrote:

"At the moment when the final triumph of the Allies' cause is assured, we and all other of the Allied and associated armies can look back on the years that have gone with satisfaction undimmed by any hint of discord or conflict of interests and ideals. Few alliances of the past can boast of such a record. Few can show a purpose more tenaciously and faithfully pursued or so fully and gloriously realized.

"If the complete unity and harmony of our action is to be ascribed to the justice of our cause, it was due to the absolute loyalty with which that cause was pursued by all those entrusted with the control of the different Allied armies which fought side by side with ours."

Part of Great Plan

The report takes up in detail the fighting on various parts of the British front, which, the Field Marshal states, was carried on as a part of the grand plan of campaign laid down by the Allied high command.

Dealing with the close of the operations the report declares:

"In the decisive contests in the period covered by the report, the strongest and most vital parts of the enemy's front were attacked, his lateral communications were cut and his best divisions were fought to a standstill. On the different battlefronts the British forces took 187,000 prisoners and 2,850 guns, bringing the total number of prisoners captured during the year to over 201,000. These results were achieved by fifty-nine fighting British divisions, which in the course of the three months' battle engaged and defeated ninety-nine separate German divisions. When the armistice was signed by the enemy his defensive powers had already been definitely destroyed. Continuance of hostilities would have meant only disaster to the Germans and an armed invasion of Germany."

Attack at Amiens.

In the part of his report dealing with the preparations for the now famous attack at Amiens, the Field-Marshal says:

"Instructions of a detailed character were issued to the formations concerned calculated to make it appear that a British attack in Flanders was imminent.

"Canadian battalions were put into line on the Kemmel front, where they were identified by the enemy. Corps headquarters were prepared and casualty clearing stations were erected in conspicuous positions in this area. Great activity also was maintained by our wireless stations on the First Army front, and arrangements were made to give the impression that a great concentration of tanks was taking place in the St. Pol area. Training operations in which infantry and tanks co-operated were carried out in this neighborhood on a day on which the enemy's long distance reconnaissance and photographic machines were likely to be at work behind our lines.

"Rumors that the British were about to undertake a large and important operation on the northern front quickly spread. In the course of our subsequent advances convincing evidence was obtained that these different measures had the desired effect, and that the enemy was momentarily expecting to be attacked in strength in Flanders."

Taken by Surprise.

The Germans were completely fooled, Field-Marshal Haig says, and in the early morning mist of August 8 British troops caught the surprised Germans and captured 13,000 prisoners, nearly 400 guns and a vast amount of ammunition and stores of all kinds.

FIRE IN FRANCE.

Paris, Jan. 8.—Damage to the amount of several million francs was caused yesterday afternoon by a fire in the large warehouses at Lavilette, a suburb. The loss includes a considerable amount of goods belonging to the Y. M. C. A. for use in its huts.

THE BERGER CASE.

Chicago, Jan. 8.—The case of Congressman-Elect Victor L. Berger, of Milwaukee, and four other prominent Socialists charged with conspiracy to violate the espionage law, who have been on trial before Federal Judge Landis since December 9, was given to the jury at 11 a. m. to-day.

SAYS HE TALKED WITH SHAKESPEARE

In Book Toronto Physician Says He Communicated With Many Spirits

Toronto, Jan. 8.—A new book which promises to create a sensation, and which at the same time will inevitably arouse scepticism and opposition has appeared in Toronto. It is "The Twentieth Plane—A Psychic Revelation," from the pen of Albert Durant Watson, M. D., of the Royal Astronomical Society of Canada and President of the Association for Psychical Research of Canada the spirits of such people as Victor Hugo, Payne, Voltaire, Stevenson, Edgar Allen Poe, Sappho, Shakespeare, Tennyson, William Morris, Wagner, Mozart and Isaac Pitman are mentioned as "speakers" in the book.

Dr. Watson is a well known Toronto physician. He is one of the most prominent local laymen in the Methodist Church. He is also a poet, several of his poems having appeared in "Canadian Poems of the Great War."

The psychic revelations contained in "Canadian Poems of the Great War."

The psychic revelations contained in this book are declared to have occurred in Toronto between January and September, 1918, most of them taking place at Dr. Watson's house. A man named Louis Banjamin, a young Jew, is mentioned as the medium in the conversations.

SPARTACANS WENT TO CHOSEN POINT

Dispatch Filed in Berlin Yesterday Morning Told of Gathering

Berlin, Jan. 7, 8 a. m.—Via London, Jan. 8.—(Associated Press).—The hosts of Dr. Karl Liebnecht, leader of the ultra-radical Spartacus group engaged in an attempt to overthrow the Ebert Government, were beginning to move at this hour toward the Siegesalle, where notices in Die Freiheit and the Red Flag had called upon them to assemble at 9 o'clock this morning. The leading article in Die Freiheit called on the Spartacans to occupy strategic points.

On Monday evening Spartacans occupied the building of the general railway executives and also the main telegraph office. Twenty of their men were permitted by Government troops to enter the building of the Ministry of War, "in order to make sure that there might be no further shooting from it."

The night passed quietly.

Government troops are remaining loyal.

One of the Bolsheviki organs to-day published a rumor that Field Marshal von Hindenburg had reached Berlin.

CASUALTIES AMONG CANADIAN SOLDIERS

Ottawa, Jan. 8.—The following casualties have been announced:

Infantry.

Died of wounds—Pte. J. Wright, Victoria.

Repatriated—Corpl. J. Kelly, Lynn Valley, B. C.

Engineers.

Died—Sapper G. A. Stewart, Seattle.

Cavalry.

Repatriated—Trpr. J. Trevena, Vancouver.

TOUCHED AT YOKOHAMA.

The steamship Chicago Maru, of the Osaka Shosen Kaisha trans-Pacific fleet, arrived at Yokohama on December 31 from Seattle and Victoria.

Are You Fat? Just Try This
Thousands of overfat people have become slim by following the advice of doctors who recommend Marmola Prescription Tablets, those harmless little fat reducers that simplify the dose of the famous Marmola Prescription.
If too fat, don't wait for the doctor's advice. Go now to your druggist or write to the Marmola Co., 864 Woodward Ave., Detroit, Mich., and for 75c. procure a large case of these tablets.
They reduce two, three or four pounds a week without exercise, dieting or any unpleasant effect whatever. If too fat, try this to-day.

GRAIN MARKET ACTIVE AT CHICAGO

(By Burdick Bros. & Brett, Ltd.)

Chicago, Jan. 8.—Corn futures broke into new high ground at the opening to-day. Locals sold heavily on the advance and prices receded. The highs were not made again during the short session. Prices held well after the first selling wave and were hardening at the close.

NEW YORK STOCKS WERE BETTER TO-DAY

Bear Element Are Only Sellers at the Short Session To-day

(By Burdick Bros. & Brett, Ltd.)

New York, Jan. 8.—The tone of the market was much improved to-day and most prices went higher. A rather substantial buying power made its appearance during easy periods, and as outside liquidation is very meagre most of the offerings seem to emanate from those who are committed to the bear side. The technical position of the market is rather sound and is in a position to respond readily to constructive occurrences. However, immediate prospects favor a market with many cross-currents, with activities in specialty shares occupying the centre of the stage.

JOINT GATHERINGS IN CAMPAIGN FOR MAYORALTY HONOR

Alderman Porter's Supporters Will Organize To-night

MRS. PALMER ACCEPTS EX-SERVICE PLATFORM

Joint meetings will be held by Mayor A. E. Todd and Alderman R. J. Porter, contestants for the Mayoralty seat, in the election which will take place on January 16. Committee rooms have been opened by Alderman Porter at 1316 Broad Street, telephone No. 1278, and by Mayor Todd on View Street, opposite Spencer's, telephone Nos. 6400 and 6401.

The first meeting will be held Friday evening at 8 o'clock in the new High School. On Saturday evening at the same hour a meeting will be held in the North Ward School, Douglas Street. Owing to the fact that there will be a meeting of the City Council on Monday evening next it will be impossible to hold a campaign meeting, but on Tuesday the candidates will address the voters at Victoria West School, and on Tuesday evening at the Labor Hall, North Park Street, all meetings being scheduled for 8 p.m.

Platform Plans.

It was announced this morning by Mayor Todd that he and Alderman Porter had agreed that all candidates for any of the civic posts should be invited to attend these meetings for the purpose of placing their views before the electors, and in each case a chairman will be selected from the audience.

Alderman Porter will hold an organization meeting of his supporters at 1316 Broad Street, at 8 o'clock to-night. Although seventeen names have been mentioned as candidates for aldermanic honors, nomination papers have been taken out to-date by twelve of them, namely, Messrs. Andros, Fullerton and Patrick, who have already filed their papers with Returning Officer Northcott, also Mrs. Graves, Mrs. T. Palmer, Messrs. Cameron, Dinsdale, Harvey, Johns, Sangster, Sargent and Shanks.

Mrs. Palmer.

Mrs. Palmer, who has appointed Mrs. Richdale as her campaign manager, intends shortly to have committee rooms open on Pandora Avenue. She endorses in her campaign for aldermanic honors the "Citizens' Platform," supported by the ex-service candidates, Sergt. Ault and Sergt.-Major Dawson.

In addition she adds the following additional planks: Enforcement of pure milk regulations, pure food regulations and inspection of weights and measures.

Endeavor to have Council authorize inspection of homes or hostels used for housing number of children.

Returned soldiers and their dependents to be aided in all possible ways. Suitable memorials to the dead to be of service also to the living, as industrial schools, homes for soldiers' orphan children, and so on.

Endeavor to see that sufficient employment should be available for men of mature ago, so that they may be able to earn an honorable living as long as possible.

W. N. Mitchell and Alderman Alex. Peden are still the only candidates for the position of Police Commissioner, in addition to Commissioner Linklater, whose term is expiring.

So far there has not been a single definite declaration as to the possible candidates with respect to the three vacancies which will occur in the School Board at the expiration of the present term. The last meeting of the School Board before the election will take place at 8 o'clock to-night.

Trustee Mrs. Jenkins stated to The Times to-day that she would withhold her statement as to whether or not she would seek re-election. Major P. J. Riddell stated that it was doubtful if he would seek re-election, "but you can never tell what will take place before nomination day," he remarked.

A Heavy Penalty.—The inspection of hay and straw, according to law, is a matter to which the attention of the Board of Trade has been drawn. In a letter to that body the Deputy Minister of Trade and Commerce, Ottawa, points out that under an Act passed at the last session, all bales of hay and straw sold or offered for sale must have securely fastened to them a tag, with the name and address of the seller and the weight of the bale. Heavy penalties, it is stated, are provided for the violation of the Act, and any person may enter prosecution and shall, on summary conviction, be entitled to one half the penalty. Any complaint arising or action taken against any person for violation of this Act must be commenced, however, within six months after the right to bring such action accrued and not afterwards.

Helps a Weak Throat Strengthens the Voice Cures Bronchitis

By Breathing the Healing Balsams of Cattarhozone You Are Cured Without Using Drugs.

You breathe through the Catarrhozone inhaler medicated air that is full of healing, soothing balsams, full of piney antiseptic essences that resemble the air of the pine woods in the Adirondacks. This piney vapor has a truly marvelous action on weak throats. It brings strength and health to the bronchitis, stops that hacking, irritating cough, prevents hoarseness and difficult breathing. You can't find anything for weak-throated people on earth more beneficial than Catarrhozone. It means heaven on earth to the man that has had bronchitis, catarrh or throat irritation. You will realize this the first time you use Catarrhozone which is a scientific preparation specially designed for diseases of the nose, throat and bronchial tubes. Get the large size, it lasts two months, costs $1.00; medium size 50c.; sample size, 25c. All storekeepers and druggists or the Catarrhozone Co., Kingston, Canada.

WOULD SUBSTITUTE FERRY FOR RAILWAY

West Vancouver Sees Chance to Get to Terminal City by P.G.E.

From the Vancouver office of the Pacific Great Eastern Railway Company the Provincial Government has received a suggestion made to the former by the municipality of West Vancouver, in relation to its present ferry service and the possibility of substituting therefor a low-priced schedule on the Government-owned line.

It is pointed out in the letter in question that if the Government could be persuaded to institute such a plan there would be little difficulty in coming to the necessary arrangements whereby the present West Vancouver-Vancouver ferry boat service would be discontinued. The reply of the Government, however, suggested that as a Public Utilities Bill will be introduced to the Legislature at the forthcoming session it would be unwise at the moment to enter into any negotiations in connection with this particular subject, since such a statutory enactment would automatically control railway rates and so forth—possibly also the ferry.

Present circumstances in relation to the ferry service between West Vancouver and the Terminal City are very largely controlled by the elements, which occasionally prevent a boat running under fog and storm conditions. These natural hindrances are responsible for a losing undertaking. At the same time it is understood that the directors of the Pacific Great Eastern Railway will not feel inclined to increase the operating loss on the system by "mothering" the troubles of West Vancouver's water link to the extent suggested.

Faulty Teeth

The average person does not fully realize the importance of having cavities in the teeth promptly looked after—yet everyone has had experience of the serious results of neglect. Make your decision to-day to have the cavities in your teeth properly filled.

They will be properly filled if you come to me. In my work I use only materials of proven reliability and first-class quality. Don't let the question of price deter you in making up your mind to have your teeth attended to. The unusual lowness of my fees will agreeably surprise you.

AGED WOMEN'S HOME

Generous Donations Added to Enjoyment of Inmates During Holiday Season

At the meeting of the Committee of the Aged and Infirm Women's Home held yesterday afternoon, the secretary reported that the holiday season had been marked by much festivity at the home, the inmates receiving a Christmas dinner replete with all the attributes of the season.

Four new inmates had entered the Home during the past month, with one death—that of the late Mrs. Ralph—leaving sixty inmates at present in the Home. The only vacant room had been taken, and four further applications have since been received.

The Committee expressed their sincere thanks to the following friends for generous donations: Cash, the City, W. Fernie, Master Hannisch Bullen, Mrs. Shotbolt, Mrs. C. F. Todd and Mrs. J. H. Todd, Mrs. B. W. Pearce, Miss McDowell and a friend. Other donations, Mrs. Jameson, Mrs. Shallcross, Mrs. McTavish, Mrs. (Capt.) Grant, Mrs. W. Higgins, Mrs. (Col.) Peters, R. P. Rithet & Co., Mrs. F. J. Jones and Mrs. Wymms.

Meat—We repair furnaces, and install new ones. Phone 3365. J. E. Carson, Catherine Street.

REFERENDUM

WEEKLY HALF-HOLIDAY

WHEREAS a Petition has been presented to the Municipal Council of the City of Victoria pursuant to the "Weekly Half-Holiday Act," signed by not less than ten per cent. of the electors qualified to vote for Mayor, requesting that a Referendum be submitted at the next Municipal Election for Mayor to change the half-holiday in the City of Victoria from Wednesday afternoon to Saturday afternoon.

AND WHEREAS the Municipal Council has resolved that a vote of the Municipal Electors qualified to vote for Mayor be taken by way of referendum at the Municipal Election to be held on Thursday, the sixteenth day of January, 1919, between the hours of nine o'clock in the forenoon and seven o'clock in the afternoon upon the following questions:

"Are you in favor of changing the weekly half-holiday from Wednesday afternoon to Saturday afternoon?"

PUBLIC NOTICE is hereby given to the Electors of the City of Victoria qualified to vote for Mayor that their presence is desired at the City Hall building, 638 Pandora Avenue, City of Victoria, on Thursday, the sixteenth day of January, 1919, between the hours of 9 a. m. and 7 p. m. to cast their ballots for or against the said question.

Such vote will be taken by ballot at two polling booths situate as aforesaid, and the undersigned has been appointed to act as Returning Officer for the purpose of conducting the said Referendum, which will be conducted in the same manner as an election for Mayor.

Voters are required to answer the said question by marking a cross (X) on the ballot opposite "YES" or "NO" (as the case may be).

Of all of which every person is required to take notice and to govern himself accordingly.

Given under my hand at Victoria, British Columbia, this 7th day of January, 1919.

WM. W. NORTHCOTT,
Returning Officer.

City of Victoria

MUNICIPAL NOTICE

MUNICIPAL ELECTIONS, 1919

PUBLIC NOTICE is hereby given to the Electors of the Municipality of the City of Victoria, that I require the presence of the said Electors in the Council Chamber at the City Hall, Douglas Street, in the aforesaid City on Monday, the 13th day of January, 1919, from 12 (noon) to 2 p.m. for the purpose of electing persons to represent them in the Municipal Council as Mayor and Aldermen.

The mode of Nomination of Candidates shall be as follows:

The Candidates shall be nominated in writing, the writing shall be subscribed by two voters of the Municipality as proposer and seconder, and shall be delivered to the Returning Officer at any time between the date of this notice and 2 p.m. of the day of the nomination, and in the event of a poll being necessary such poll will be open on THURSDAY, the 16th day of JANUARY, 1919, from 9 o'clock a.m. to 7 p.m. in the manner following.

FOR THE OFFICE OF MAYOR—All voters from "A" to Laz" inclusive, in Booth No. 1, in the building known as The Crystal Theatre, No. 1315 Broad Street, and voters from "Le" to "Z" inclusive in Booth No. 2, in the building known as The Crystal Theatre, No. 1315 Broad Street.

FOR THE OFFICE OF ALDERMEN—In the building known as The Crystal Theatre, No. 1315 Broad Street, as follows, viz.: Voters "A" to "D" inclusive in Polling Booth No. 1; Voters "E" to "Laz" inclusive in Polling Booth No. 2; Voters "Le" to "Q" inclusive in Polling Booth No. 3; and Voters "R" to "Z" inclusive in Polling Booth No. 4; of which every person is required to take notice and govern himself accordingly.

The persons qualified to be nominated for and elected as MAYOR of the City of Victoria shall be any person who is a British subject of the full age of twenty-one years not disqualified under any law, and has for the six months next preceding the Day of Nomination been the Registered owner in the Land Registry Office of Land or Real Property in the City of Victoria of the assessed value on the last Municipal Assessment Roll of One Thousand Dollars or more, over and above any registered judgment or charge, and who is otherwise duly qualified as a Municipal Voter.

The persons qualified to be nominated for and elected as ALDERMEN of the City of Victoria shall be such persons as are British subjects of the full age of twenty-one years, and who are not disqualified under any law, and have been for the six months next preceding the Day of Nomination the Registered owners in the Land Registry Office of Land or Real Property in the City of Victoria of the assessed value on the last Municipal Assessment Roll of Five Hundred Dollars, or more over and above any registered judgment or charge and who are otherwise duly qualified as Municipal Voters.

Given under my hand at Victoria, British Columbia, this 4th day of January, 1919.

WM. W. NORTHCOTT,
Returning Officer.

CITY OF VICTORIA

MUNICIPAL NOTICE

Municipal Election, 1919 for COMMISSIONER OF POLICE

PUBLIC NOTICE is hereby given to the Electors of the Municipality of the City of Victoria, that I require the presence of the said Electors in the Council Chamber at the City Hall, Douglas Street, in the aforesaid City on Monday, the 13th day of January, 1919, from 12 (noon) to 2 p.m. for the purpose of electing one (1) person as a member of the Board of Commissioners of Police for the City of Victoria.

The mode of Nomination of Candidates shall be as follows:

The Candidates shall be nominated in writing, the writing shall be subscribed by two voters of the Municipality as proposer and seconder, and shall be delivered to the Returning Officer at any time between the date of this notice and 2 p.m. of the day of the nomination, and in the event of a poll being necessary such poll will be open on THURSDAY, the 16th day of JANUARY, 1919, from 9 o'clock a.m. to 7 p.m., in the City Hall building Number 638 Pandora Street, in the said City, as follows: All voters, from "A" to "Laz" inclusive in Booth No. 1, and voters from "Le" to "Z" inclusive in Booth No. 2, in said building at which time and place each Elector who is duly qualified to vote for Mayor will be entitled to cast his vote for one (1) candidate for member of the Board of Commissioners of Police, of which every person is hereby required to take notice and govern himself accordingly.

Any person being a British subject shall be eligible to be elected or to serve as a member of the Board of Commissioners of Police.

The term of office of the person so elected shall be the period of two years.

Given under my hand at Victoria, British Columbia, this 4th day of January, 1919.

WM. W. NORTHCOTT,
Returning Officer.

MUNICIPAL NOTICE

Municipal Election, 1919 for SCHOOL TRUSTEES

PUBLIC NOTICE is hereby given to the Electors of the Municipality of the City of Victoria, that I require the presence of the said Electors in the Council Chamber at the City Hall, Douglas Street, in the aforesaid City on Monday, the 13th day of January, 1919, from 12 (noon) to 2 p.m. for the purpose of electing three (3) persons to represent them as members of the Board of Trustees for Victoria City School District.

The mode of Nomination of Candidates shall be as follows:

The Candidates shall be nominated in writing, the writing shall be subscribed by two voters of the Municipality as proposer and seconder, and shall be delivered to the Returning Officer at any time between the date of this notice and 2 p.m. of the day of the nomination, and in the event of a poll being necessary such poll will be open on THURSDAY, the 16th day of January, 1919, from 9 o'clock a. m. to 7 o'clock p. m., in the building known as The Crystal Theatre, 1315 Broad Street, in the said City, as follows: All voters, from "A" to "Laz" inclusive in Booth No. 1, and voters from "Le" to "Z" inclusive in Booth No. 2, in said building at which time and place each Elector who is duly qualified to vote for Mayor will be entitled to cast his vote for three (3) candidates for members of the Board of School Trustees; of which every person is hereby required to take notice and govern himself accordingly.

Any person being a British subject of the full age of twenty-one years actually residing within the district and having been for the six months next preceding the date of nomination the Registered owner in the Land Registry Office of Land or Real Property in the City School District, of the assessed value on the last Municipal Assessment Roll of Five Hundred Dollars, or more, over and above any registered judgment or charge and being otherwise qualified to vote at an election of School Trustees in the said School District shall be eligible to be elected or to serve as a School Trustee in such City School District.

Given under my hand at Victoria, British Columbia, this 4th day of January, 1919.

WM. W. NORTHCOTT,
Returning Officer.

City of Victoria

MUNICIPAL NOTICE

"New Cemetery Purchase By-law, 1919."

I hereby give notice that such of the Electors of the Municipality of the City of Victoria as are entitled to vote on a by-law for raising money upon the credit of the Municipality, are requested to attend at the polling place known as the Crystal Theatre Building, 1315 Broad Street, Victoria, B. C., on Thursday the 16th day of January, 1919, between the hours of 9 a. m. and 7 p. m., and to record their votes for or against the passage of the "New Cemetery Purchase By-law, 1919," a copy of which By-law is published in The Victoria Daily Times and copies whereof are posted up at the City Hall, and in various other public places in the city, and at the Polling place.

And take notice that the said By-law will not be valid, or of any effect, unless the vote polled in favor thereof be that of at least three-fifths of the persons who shall vote upon such By-law.

Given under my hand at Victoria, British Columbia, this 4th day of January, 1919.

WM. W. NORTHCOTT,
Returning Officer.

Municipal Elections

PUBLIC NOTICE IS HEREBY GIVEN to the Electors of the Municipality of the Township of Esquimalt, that I require the presence of the said Electors at the Municipal Hall, Esquimalt, on the 13th day of January, 1919, at 12 o'clock noon, for the purpose of electing persons to represent them in the Municipal Council as Reeve and Councillors.

THE MODE OF NOMINATION OF CANDIDATES SHALL BE AS FOLLOWS:

The Candidates shall be nominated in writing; the writing shall be subscribed by two voters of the Municipality as proposer and seconder, and shall be delivered to the Returning Officer at any time between the date of the notice and 2 p.m. of the day of the nomination, and in the event of a Poll being necessary, such Poll will be opened on the 18th day of January, 1919, at the Sailors' Club for Wards One and Two and at the Store at the Corner of Arm Street and Craigflower Road for Ward Three from 9 a.m. to 7 p.m., of which every person is hereby required to take notice and govern himself accordingly.

THE QUALIFICATION FOR REEVE shall be, being a British subject and having been for the three months next preceding the day of nomination the registered owner, in the Land Registry Office, of land or real property situate within the Municipality of the assessed value, on the last Municipal or Provincial Assessment Roll, of five hundred dollars or more over and above any registered judgment or charge, and being otherwise duly qualified as a voter.

THE QUALIFICATION FOR A COUNCILLOR shall be, being a British subject and having been for the three months next preceding the day of nomination the registered owner, in the Land Registry Office, of land or real property situate within the Municipality of the assessed value, on the last Municipal or Provincial Assessment Roll, of two hundred and fifty dollars or more over and above any registered judgment or charge, or being a homesteader, lessee from the Crown or pre-emptor, who has resided within the Municipality for the space of one year or more immediately preceding the nomination, and who is assessed for five hundred dollars or more on the last Municipal or Provincial Assessment Roll, over and above any registered judgment or charge, or being a homesteader, lessee from the Crown, or pre-emptor, who has resided within the Municipality for a portion of one year immediately preceding the nomination, and who, during the remainder of said year has been the owner of said land, of which he or she formerly was a homesteader, lessee from the Crown or pre-emptor and who is assessed for five hundred dollars or more on the last Municipal or Provincial Assessment Roll, over and above any registered judgment or charge, and being otherwise qualified as a voter.

Given under my hand at Esquimalt, B. C., the 4th day of January, 1919.

G. H. PULLEN,
Returning Officer.
